

Chapter 1 : Krause Publications and Guides

world coins standard catalog catalog of world coin collector best guide century coins couple of years coins without find what you are looking prices for each coin.

Taking world coin collecting by storm, this annual best seller is the only single volume available, offering complete coverage from to present. More than one million prices are provided listings price coins in up to five grades of condition along with nearly 50, obverse and reverse illustrations to make coin identification fast and easy. Everything old is new again? Hundreds of new coin listings have been added, along with hundreds of new and improved illustrations, including many issues. Plus, descriptions have been revised and expanded to include more detail. Customer Book Reviews edition is misleading-not updated since !!! By Valueminded on Jan 15, Although this is the edition, the info for many countries has not been updated since In fact, there is no information at all included on any coin issued after for many countries. The information that is included is incomplete, especially for smaller countries. But there are huge omissions many items missing for the even the most populated countries in the world, especially China PRC. I felt cheated as I expected this to be a professional, complete reference work. Instead it was sloppy, disorganized and incomplete. I use KM numbers to help organize the collection By Bernie on Feb 24, I need a guide so I just do not blindly pay big bucks for cute pictures. There are a lot of good guides and some more specific on particular eras and locations such as Westphalia. But as you do a coin search you are bound to run across something you are not familiar with and need a guide. Keeping in mind that this is just a guide, there are holes and the coins are not displayed in color. On the other hand the coins shown are in actual size; size is hard to translate form internet pictures. With all the electronic references today it is nice to have something tactile, static and transportable. This book meet al those needs. Very nice and quick del. Five Stars By Mario D. As my collection slowly moves back in time By Bernie on Sep 13, I need a guide so I just do not blindly pay big bucks for cute pictures. The list is is near exhaustive Photos or drawings of the individual coins is most helpful. The books also provide the collector with market prices for each coin. I have several copies of the various centuries, those centuries that I collect, so you too can be choosy as to which books you might wish to purchase. Five Stars By Clyde P. Alexander on Sep 07, Great catalog providing all the relevant information one needs in collecting world coins. It is a great reference for 19th Century coins without having to "dig It is a great reference for 19th Century coins without having to "dig around" the internet. Lowe on Dec 19, I ordered this item thinking it was the paperback book that came with a dvd of the same book free like the Standard Catalog of World Coins to present I had ordered just weeks before. Even though it was not what I though I had ordered I am happy with the product and it works very well. I will be ordering the Book as soon as it comes up for sale as it is a lot less bother to take the book when I price coins away from home then it is to take my laptop or find a PC to use the DVD. They are priced to match your budget. Just take your time and thoroughly exhaust your search. It has happened that the book I wished to find was not available early 13th, 14th and 15th century coin catalogs but I have not given in yet. Half priced and in perfect condition By Amazon Customer on Aug 03, I was a little nervous that there would be a catch , or something I missed in the description because the price was so low. BUT it was exactly what I needed for coin collecting thankyou very much!! Add a Book Review Book Summary: Krause , Clifford Mishler. This particular edition is in a Paperback format.
