The SRS airbag deploys with considerable speed and force and can injure or even kill children, especially if they are 12 years of age and under and are not restrained or improperly restrained. Because children are lighter and weaker than adults, their risk of being injured from deployment is greater. Serious injury could result if a child accidentally opens the door and falls out. Failure to follow this procedure could result in injury to a child operating the power window. Never leave unattended children, adults or animals in the vehicle. They could accidentally injure inadvertent operation of the vehicle. Also, on hot or sunny days, temperature in a closed vehicle could quickly become high enough to cause severe or possibly fatal injuries to them. Help prevent children, adults or animals from locking themselves in the trunk. On hot or sunny days, the temperature in the trunk could quickly become high enough to cause death or serious heat-related injuries including brain damage to anyone locked inside, particularly for small children. When leaving the vehicle, either close all windows and lock all doors. Also make certain that the trunk is closed. For instructions and precautions, carefully read the following sections. Never inhale engine exhaust gas. Engine exhaust gas contains and odorless gas which is dangerous, or even lethal, if inhaled. Always properly maintain the engine exhaust system to prevent engine exhaust gas from entering the vehicle. Never run the engine in a closed space, such as a garage, except for the brief time needed to drive the vehicle in or out of it. Avoid remaining in a parked vehicle for a lengthy time while the engine is running. If that is unavoidable, then use the ventilation fan to force fresh air into the vehicle. Always keep the front ventilator inlet grille free from snow, leaves or other obstructions to ensure Page 10 of that the ventilation system always works properly. If at any time you suspect that exhaust fumes are entering the vehicle, have the problem checked and corrected as soon as possible. If you must drive under these conditions, drive only with all windows fully open. Keep the trunk lid or rear gate closed while driving to prevent exhaust gas from entering the vehicle. Alcohol in the blood stream delays your reaction time and impairs your perception, judgment and attentiveness. If you drive after drinking "even if you drink just a little" it will increase the risk of being involved in a serious or fatal accident, injuring or killing yourself, your passengers and others. In addition, if you are injured in the accident, alcohol may increase the severity of that injury. Drunken driving is one of the most frequent causes of accidents. Since alcohol affects all people differently, you may have consumed too much alcohol to drive safely even if the level of alcohol in your blood is below the legal limit. The safest thing you can do is never drink and drive. However if you have no choice but to drive, stop drinking and sober up completely before getting behind the wheel. If you are taking any drugs, check with your doctor or pharmacist or read the literature that accompanies the medication to determine if the drug you are taking can impair your driving ability. Do not drive after taking any medications that can make you drowsy or otherwise affect your ability to safely operate a motor vehicle. If you have a medical condition that requires you to take drugs, please consult with your doctor. Never drive if you are under the influence of any illicit mind-altering drugs. For your own health and well-being, we urge you not to take illegal drugs in the first place and to seek treatment if you are addicted to those drugs.

### Chapter 2 : Subaru Impreza WRX - Owner's Manual - PDF ( Pages)

*This comprehensive manual offers important, detailed, vehicle-specific information regarding the operation and maintenance of your Subaru Impreza.*

In which Subaru vehicles can BlueConnect be installed? Check the phone compatibility tool. If a phone is not listed, then it has not been tested and compatibility is unknown. Can I pair a Bluetooth adapter with BlueConnect? No, BlueConnect is only compatible with cell phones that have Bluetooth built in and that are listed as a compatible phone. Will I be able to transfer my phonebook entries into to the BlueConnect phonebook? No, the system does not support phonebook transfers via Bluetooth. You must enter phone book entries using voice commands. What should I do if BlueConnect does not auto-connect to my previously paired phone? Also, make sure that BlueConnect is marked as a "trusted" device. This will allow BlueConnect to automatically connect to your phone when it is in range. What if I still have questions? EST Monday through Thursday Check the phone compatibility tool on this page. How do I pair my phone to the system? Up to five compatible mobile phones may be paired, although you can only use one phone at a time to make or receive calls. The system will recognize the last phone paired as the priority. Bluetooth technology allows two electronic devices to transfer data between them over relatively short distances. Available as a genuine accessory on: How far is the range of the Bluetooth signal? Anywhere within the vehicle is more than adequate to maintain a connection. Depending on several factors, Bluetooth technology generally supports a range of up to 30 feet. What is the registering or "pairing" procedure? Can I connect more than one mobile phone? Yes, your Subaru Bluetooth Handsfree Kit can connect with and recognize up to five compatible mobile phones, although you can only use one phone at a time to make or receive calls. Can I access and call phone numbers from my mobile phone contact book? Yes, individual phone numbers may be downloaded from a compatible cell phone and stored in the vehicle for faster dialing. Phone numbers from multiple phones will all be stored as part of one master contact list. Will I be able to transfer the phonebook entries on my cell phone into to the phonebook? Yes, but in most cases you will need to import contacts one at a time. You can contact our Customer Service department at the number below, or submit your question through our Contact Us form.
