Feb 04, Amanda rated it really liked it I have always found the disastrous sinking of the Titanic interesting. This was an interesting book filled with money facts about the Titanic. It details the journey of the Titanic from the building of the ship up to the night of the sinking. You have details about all the luxuries of the ship and what you could expect based on the class you were traveling in. There were lots of details about some of the passengers on the ship and their fate on the night of the sinking. It was interesting to read I have always found the disastrous sinking of the Titanic interesting. It was interesting to read what happened to some of the survivors in the years after the sinking at the time this was published. Anyone interested in the Titanic Recommended to Melissa by: Discovered it on Amazon. Read about two years ago when I bought it for my daughter. She and I both have a fascination regarding the Titanic and I adore books like this. Trivia, photography, non-fiction coffee table type books. A nice one to add to the more serious and longer books about the Titanic. Filled with great photographs and exact information, this book covers it all. A great resource book! Aug 08, Kaitlyn Smith rated it really liked it All Titanic lovers must read this! It was very straight forward and covered a lot of the questions I had. Jun 18, Brittany Perry rated it it was amazing Wonderful book. I picked it up while visiting the titanic museum in Tennessee. It covers so many interesting facts and perspectives. Anyways a perfect vacation book or gift for a titanic fanatic. Jul 19, Wendy Mills rated it it was amazing Fascinating read for any lovers of the Titanic. Gives you in depth answers to all the questions one could ask about the Titanic, its crew, the passengers, etc. Seriously mom -- another one -- you know you have a problem right? Ok this book is easy to read and there are lots of pictures to keep me turning the pages. This would be a really good book to learn the facts about the Titanic, and how and why it sank. I think it would be a good book for Teachers and Librarians and its not even boring. Ok he really does have a point - damn I hate it when kids are right. Also this book is going on MY shelf and not his. It is very colourful with lots of pictures, diagrams, etc that will keep even the more reluctant reader interested. It is a good introduction to the Titanic disaster and would be a very useful tool for both Teachers and Librarians and a nice addition to fellow Titanic freaks bookshelves The Index is pretty detailed and the glossary and recommended reading section are extremely helpful for the intended audience.
