

Away by Amy Bloom - Part 2: September 3, Ain't It Fierce to Be So Beautiful, Beautiful? summary and analysis.

My son Hunter is my first born. He is now 4 years old and is one of the kindest and gentlest souls I have ever known. In reality, minus the big brown eyes that he gets from meâ€he is a mini version of his daddy. He is so smart, very insightful and aware of the emotions of others. Ever since he was able to talk, he would make a comment whenever he saw anything but a smile on my face. He shows an emotional depth beyond his yearsâ€and I just know someday whomever he marries will be the luckiest soul alive, much as I feel I am being married to his daddy. Hunter is my first true loveâ€and the apple of my eye. And then there is my little blue eyed beauty, miss Haven. She turned 2 this summer and boy oh boy, this girl has a personality so big you would hardly believe it would fit inside her little 25 pound body. She is obsessed with shoes, and chances are, if you take yours off in my house, you will find a little pint sized blondie running around in them before long. They are the reason for every single thing I do in this life. I wanted to be the one home with these babies, day in and day out. This little girl is my biggest life challenge thus far. She is ME- plain and simple. She is fierce, she is determined, and she loves with her whole heart. I always laughed at that sentimentâ€until I met Haven. I get it now. Some days it feels like every conversation is a battle. Every situation is dramatic. I thought I had the parenting thing down. And then the floodgates opened and I learned a whole new side to this journey called motherhood. Raising Haven has made me a better woman. Gosh, sometimes, I envy this sweet little girl. So self assured, so unapologetically unique. She marches to the beat of her own drummer. Her creativity, her risk taking even when it gives me a heart attack will serve her well in life. She already exhibits such confidence, such assertion. Looking at my beautiful baby girl, I truly see a vivid reflection of myself. I see the determination, I see that fighterâ€and I trust in my heart that those qualities will lead her down any path she desires to travel. If you read my previous post, you know that Haven is a rainbow baby. She is the baby that was meant to be mine. I had a miscarriage about 2 months before I became pregnant with her. My entire pregnancy with Haven was marked with anxiety, complications and fear. I was so afraid of a bad outcome- and she made me wait until 41w4d to make her grand entrance and when she didâ€boy, was she worth the wait. To the mommas of strong willed little ladiesâ€raise her to KNOW that she can take on the world. Join me in fighting the urge to stifle that stubborn streak, and rather, training her to temper it and use it for good.

Chapter 2 : BEYONCE - SWEET DREAMS LYRICS

"Beautiful Yet Truthful", a folksong elaboration by Lloyd Pfautsch. Originally from "American Ballads and Folksongs" by John Lennox. Ain't it fierce to be so beautiful? Ain't it fierce to be.

Thoughts of the sun bring thoughts of the ocean, which I adore, and thoughts of the ocean invariably bring thoughts of sailors and pirates. So, I thought that I would write something about sexy pirate heroes, since it would connect nicely to the post about anti-heroes. After the first couple of photos popped up, it all came flooding back. Granted, some photographers tag their work with that label just to get their pictures to come up in a variety of searches in a lame attempt to get more sales, and thus along with sexy or erotic men, you might also get pictures of a male zebra taking leak, Godzilla doing the tango through some poorly constructed model of Tokyo, or a toddler blowing out birthday candles, which is just creepy. However, I got the impression that some photographers label their pictures truly believing they know what constitutes sexy or erotic in the eyes of others, as well as their own, when in fact the results of their artistic efforts are anything but. Please feel free to elaborate in the comments section at will. A picture with a man and a woman engaged in some kind of sexy activity or posed in an erotic way is not sexy at all if one of the participants looks like he or she would rather be anywhere else, or dead. Also, bodily functions aren't even in the realm of erotic. People drooling on each other is not close to being sexy, even if one is supposed to be a vampire and the drool is red. On the realistic side, drooling means someone probably needs medical attention. I found one very expensive shot of a handsome man, shirt open, sporting an inviting, smoky, come-hither stare. That part was sexy. The other part, a blonde standing behind the man clutching him, ruined the whole shot. She wore enough for both of them, and though I could see she was beautiful, it made her look like she came from another decade and gave off a really maternal vibe. Dudes dating their moms aren't definitely not sexy. In doing my searches, I was also reminded that society apparently thinks that guys need more sexy material than women. When I typed in "sexy," I got about 8, results. When I limited the search to "sexy men," the numbers went down dramatically. But "sexy women" netted 1, results. Nooooo, not us innocent ladies. Other results included psychedelic colors and stone therapy, which are, I guess, supposed to invite ardor in some way. One benefit of my efforts was that I was heartened to find the following pictures and to discover that it is now, according to the photographers on the royalty free image site, sexy to do the following: Work in a lab test tubes as phallic symbols? Carry a cool purse and wear ridiculously-heeled shoes and tight metallic pants Use the bathroom although you must have matching shoes and panties! So, what is sexy to you? What is NOT sexy? Any sexy trends that you think are just complete bunk?
