Marshall Vian Summers Language: New Knowledge Library Format Available: This second set of Briefings from The Allies of Humanity completes a crucial message regarding our vulnerability and potential within the Greater Community, the larger physical universe in which we live. Communicated by a small group of extraterrestrial observers, the Briefings reveal the true nature and purpose of an extraterrestrial Intervention that has been underway in our world for quite some time. This group of observers represents the Allies of Humanity, an association of free races in the universe who support the preservation of Knowledge and freedom throughout the Greater Community. The Allies distinguish themselves from the intervening forces that are here by maintaining their distance and not engaging directly with us. The arrival of The Allies Briefings was the result of a rare convergence of three powerful forces: It was these essential forces that joined to enable The Allies Briefings to be delivered in a form and in a language that can be understood by everyday people. In this one book, each of these voices is represented: The Briefings were delivered very quickly for a reason. The Allies, threatened with being discovered by the Intervention, had to give their second set of Briefings to Marshall as quickly as possible before escaping to a distant location far from our Solar System. The Allies describe this situation in their Preface to the Second Set of Briefings, which is included in this volume. Since that time, Marshall, along with the support of a growing number of courageous people, has endeavored to study and to bring The Allies of Humanity Briefings and message to the attention of as many people as possible. This ongoing work represents a vital mission and relies upon the contributions of readers everywhere in order to continue. Whether or not any further Briefings will be sent here by the Allies is as yet uncertain. But what is certain is that the information contained in these two sets of Briefings provides the missing pieces to our understanding of the extraterrestrial presence in the world today and what we must do to begin to prepare. The Allies emphasize that these Briefings provide us everything that we need to know to begin this preparation with a clear understanding of our situation. We cannot afford to make the same mistakes that so many native peoples have made throughout the course of our own human history regarding their first encounters with explorers from the outside. We at New Knowledge Library are proud to be able to present what may prove to be one of the most important documents ever published for the advancement, well-being and future of humanity. Truly, the revelations that have come to us through his work may ultimately prove to be as significant as other Divinely-inspired messages in the past that have impacted the course of human history. We encourage you the reader to seriously explore the crucial message presented in all of these Briefings, in both Book One and Book Two, and to share this message with others. These Briefings represent a unique and greatly needed communication to all the people of our world at this critical turning point. New Knowledge Library Author by: The Allies of Humanity: Book 2 presents startling new information on the interactions between races in our local Universe and on the nature, purpose and hidden activities of those races who are interfering in human affairs. This Second Set of Briefings from the Allies completes a crucial message regarding our vulnerability and potential within the Greater Community, the larger physical Universe in which we live. Book two provides new information regarding alien intervention, its challenges and the various opportunities provided for humanity. It generates a compelling need for human cooperation and understanding. As a continuation of Book One, Book Two completes the critical message for many people internationally who feel a connection between the UFO phenomenon and spirituality. The Allies of Humanity is being presented to prepare people for a whole new reality that is largely hidden and unrecognized in the world today. It provides a new perspective that empowers people to face the greatest challenge and opportunity that we, as a race, have ever encountered. The Allies Briefings contain a number of critical if not alarming statements about the growing extraterrestrial intervention and integration into the human race and about the extraterrestrial activities and

hidden agenda. The purpose of the Allies Briefings is not to provide hard evidence about the reality of the ET visitation to our world, which is already well documented in many other fine books and research journals on the subject. The purpose of the Allies Briefings is to address the dramatic and far-reaching implications of this phenomenon, to challenge our human tendencies and assumptions regarding it and to alert the human family to the great threshold we now face. The Briefings provide a glimpse into the reality of intelligent life in the universe and what Contact will really mean. For many readers, what is revealed in *The Allies of Humanity* will be entirely new. For others, it will be a confirmation of things they have long felt and known. The Allies of Humanity Book Three: The Allies distinguish themselves from those races who are intervening in the world today. They warn us against the presence of this Intervention, insisting that no foreign race should be visiting our world, either now or in the future, until humanity has gained the strength, unity and maturity necessary to engage successfully with a Greater Community of intelligent life in the universe. Whether humanity can ever attain this is uncertain, yet the Allies tell us that intervention in our world has already begun by several non-military races seeking to establish their influence and dominance in our world through deceptive and persuasive means. The Briefings reveal that we are in the unfortunate position of being the race who is being discovered. History has taught us the danger and the tragedy that native peoples faced when they encountered outside forces for the first time. Now we are all the natives of a new world, and the threat of Intervention is upon us. As a result, the Allies are calling for us to build enough human unity amongst the tribes, nations and religions of Earth so that we may protect our freedom in a non-human universe. Marshall Vian Summers received this unique communication from the Allies of Humanity in a state of revelation beginning in November. In the years since, the Allies of Humanity have delivered three sets of Briefings. With the Allies Briefings, for the first time, we are being given a window into the reality of life beyond our world, a view that we would never have otherwise. This creates a greater context for understanding why the Intervention is occurring, who is generating it and what humanity will need to know to preserve and build human freedom and sovereignty so that we can fulfill our destiny as a free race in the universe. In the aftermath of the evacuation of Camp H the survivors find themselves in a new home with new problems. Hope is adapting to her new abilities when she receives news of a possible cure for the slab problem and she departs with some new friends in search of it. Hutch has new toys and new allies in his mission to eradicate the slab population, but is there more to his mission? Kane and The Council make their move to take over the remnants of the new world. Caught in the middle of a titanic struggle between two alien superpowers, the factions of humanity and their allies, the Ildirans, are under siege. Can they resolve their differences to fight a common threat? For the leader of the Roamers, survival means extending a helping hand to others, while the chairman of the Terran Hansa plans to use a new, untested alien weapon regardless of the consequences. And for the new Ildiran Mage-Imperator, survival involves throwing off the choking traditions of the Empire - even if it might trigger a civil war. As old intrigues and dark secrets come to light, a man who is believed to be long dead returns with an ally who may save mankind. But this new fragile hope will be threatened by a fresh betrayal - the most bitter and brutal of them all

The cosmology that I have been receiving contains many messages, one of which is that humanity is emerging into a Greater Community of intelligent life and for this we must prepare. Inherent in this message is the understanding that humanity is not alone in the Universe or even alone within our own world. And that within this Greater Community, humanity will have friends, competitors and adversaries. This larger reality was dramatically confirmed by the sudden and unexpected transmission of the first set of the Allies of Humanity Briefings in At that point, as a result of my spiritual work and writings, it became known to me that humanity has allies in the Universe who are concerned about the well-being and future freedom of our race. The intent here is to inform, not to interfere. The two sets of the Allies of Humanity Briefings are a clear demonstration of this model of non-interference and ethical Contact. This model should be a guiding light and a standard that we should expect other races to hold to in their attempt to contact us or to visit our world. Yet this demonstration of ethical Contact stands in stark contrast to the Intervention that is occurring in the world today. We are moving into a position of extreme vulnerability. With the specter of resource depletion, environmental degradation and the risk of a further fracturing of the human family growing everyday, we are ripe for Intervention. We live in seeming isolation in a rich and valuable world that is being sought by others beyond our shores. We are distracted and divided and do not see the great peril intervening at our borders. It is a phenomenon that history has repeated over and over again regarding the fate of isolated native peoples who were facing intervention for the first time. We are unrealistic in our assumptions about the powers and beneficence of intelligent life in the Universe. And we are only now just beginning to take stock of the condition that we have created for ourselves within our own world. The unpopular truth is that the human family is not ready for a direct experience of Contact and certainly not ready for an intervention. We first must put our own house in order. We do not yet have the species maturity to engage with other races in the Greater Community from a position of unity, strength and discernment. And until we can reach such a position, if ever we can, then no race should attempt to directly intervene in our world. The Allies are providing us much needed wisdom and perspective, yet they are not intervening. They tell us that our fate is and should be in our own hands. Such is the burden of freedom in the Universe. Regardless of our lack of readiness, however, Intervention is occurring. Humanity must now prepare for this, the most consequential threshold in human history. Rather than just being casual witnesses to this phenomenon, we are at the very center of it. It is happening whether we are aware of it or not. It has the power to change the outcome for humanity. And it has everything to do with who we are and why we are in the world at this time. It speaks to the urgent need for human unity and cooperation, the primacy of Knowledge, our spiritual intelligence, and the greater responsibilities we must now assume at the threshold of space. My mission is to bring this greater cosmology and preparation into the world and with it, a new hope and promise for a struggling humanity. The Allies of Humanity Briefings are but a small part of this larger message. It is time now to end our ceaseless conflicts and to prepare for life in the Greater Community. To do this, we need a new understanding of ourselves as one people, the native people of this world, born of one spirituality, and of our vulnerable position as a young, emerging race in the Universe. This is my message for humanity and this is why I have come.

The fundamental message to humanity is the same as the first book. The overall feeling the message left with me was that the aliens seem to have the attitude of wanting to tick a box and then get the hell out.

Log-in to write a review or add a video review Review by: E T on June 9, This book provides a whole different way of thinking towards ET intervention and our future. Luminita Negoescu on Feb. The book says that we live very different but interesting times. The author is determined to reveal that we are not alone in the universe. I am very happy I found these books. I hope to have sufficient Knowledge to understand the times to come. Elaine Keaton on June 8, If you read the first book, you MUST read the second book. However, most specifically, these books should be required reading for abductees, contactees and those who study or have any interest in UFOlogy. They were channeled by Marshall Summers, basically, as an interruption that occurred in his usual spiritual life. A group calling themselves the Allies of Humanity called on him because they wanted a reliable contact do deliver a warning to humanity. They choose Marshall because of his spiritual integrity and because they wanted their message to be delivered in one complete whole piece without potential disruption of the information. If you are human, you need to read these two books. They are short, concise and simple to understand just as the Allies meant them to be. Those of the spiritual woo-woo crowd who want to believe that ETs would only come to earth to "save us and our planet" will be frightened by the information. However, those of you who have military knowledge, studied world political or historical information will know this is a truth of immediacy. ETs have been interacting with the Earth for eons. But NOW, we are on the precipice of planetary destruction at the hands of humanity--overpopulation, environmental damage beyond recovery and resource depletion via both. ETs will not let this happen. Earth is far too valuable. ET commercial interests will not let this happen. The follow-up books are directed toward how to prepare and combat the danger that faces us in the next few years. Various writings follow these. Great Waves of Change can be purchased here at SW and should be read. Unfortunately, proprietary times are upon us in e-readers right now. I do wish writers understood a publication should span all formats, until proprietary times are behind us, in order to reach the biggest audience.

Chapter 4 : The Allies of Humanity, Book Two by The New Message from God

The Allies of Humanity is being presented to prepare people for a whole new reality that is largely hidden and unrecognized in the world www.nxgvision.com provides a new perspective that empowers people to face the greatest challenge and opportunity that we, as a race, have ever encountered.

This summary represents only a general overview and does not include many of the important details that make a complete comprehension of the Allies Briefings possible. Contact with other forms of intelligent life represents the greatest threshold that humanity has ever faced. This Contact is happening now. Humanity is unprepared for Contact. Researchers are still unable to clearly see who is visiting our world and why. Governments are not revealing what they know, and most people are still in denial that this phenomenon is even occurring. The Allies of Humanity Briefings represent their report. The Briefings reveal that our world is undergoing an extraterrestrial Intervention by forces that, as demonstrated by their actions, are here to subvert human authority and to integrate into human societies for their own advantage. These forces represent non-military organizations that are here to seek human and biological resources. Because the Intervention is being carried out by small groups of intervening forces, it must rely primarily upon deception and persuasion to achieve its goals. The Allies Briefings describe in detail how this is being accomplished and what we must do to stop it. This extraterrestrial Intervention is being focused in four arenas: Those extraterrestrial visitors who have been potentially beneficial to humanity have all retreated from the world in the face of the Intervention. Those remaining are alien races who are not here for our benefit. This leaves us in an unambiguous situation regarding the extraterrestrial presence. This enables us to clearly see what we are dealing with. Otherwise, it would be impossible for us to tell friend from foe. The Allies Briefings emphasize the grave danger in our accepting and becoming reliant upon ET technology offered by the Intervention. No true ally of humanity would offer this to us. The Allies emphasize that we have earth-based solutions to all the problems that we face. What we lack as a race is unity, will and cooperation. In spite of the great challenge we now face, humanity still has a great advantage if we can respond in time. According to Greater Community rules of conduct within the region in which our world exists, Intervention is not allowed unless it can be demonstrated that the native people welcome and approve of it. Here, our voices can have power in the Greater Community. At this moment the Intervention has few critics. But if enough people can become aware of it and speak out against it, the Intervention will be thwarted and must withdraw. This step and all the steps that follow give humanity its one great chance to overcome its long-standing conflicts and to unite in its own defense for the preservation of the world. The Allies affirm that we as human beings have the spiritual and collective power to do this and that we must do this if we want to survive and advance as a free and independent race in the Greater Community. You would know enough not to allow your world to be so vulnerable.

Chapter 5 : The Allies Of Humanity PDF

The Allies of Humanity, Book 2 By Marshall Vian Summers Third Briefing. It is vital for us to talk now about the nature of the inducement that is being placed upon humanity.

Effects of The Pacification Program It is easy to ask questions. It is more difficult to find the real answers. People are hungry for answers, but they do not have the awareness yet. So when considering the message in The Allies Briefings, people must begin to develop a Greater Community awareness and sensitivity. Just getting answers does not develop this awareness or sensitivity. And indeed, even if you have the right answer, if you cannot experience it, if you cannot recognize it, if you cannot see its application, well, what good is it? It is lost on the person who is asking. Therefore, it always comes back to developing the awareness and sensitivity and the ability to know. This must be the proof because the expert said so. Without Knowledge, everything is just opinions in the mind. People can experience something and make conclusions and evaluations but be completely wrong in their estimation. However, we are talking about higher consciousness here. We are not talking about having answers. Answers, without this higher consciousness, will not be enough, and their application will not be understood. Ultimately, you must gain this higher consciousness. This consciousness transcends human culture, human conditioning and even your biological identity. It is an awareness of life as it is moving all around you and through everything else. You need this higher consciousness to understand the plants and the animals, the weather and the movement of the world. You need this to understand the presence of negative forces in the Mental Environment and the presence of the Angelic Forces, which are here to serve you. And certainly, you must have this consciousness to be aware of the Greater Community forces in the world, to recognize their manifestations, their intentions and their methods. You need this higher awareness to tell friend from foe. So when people ask a lot of questions, the real answer is the development of higher consciousness. This leads you into the mystery, where you may not be willing to go, but this is where you must go if you are going to understand. This is the mystery of your life – the mystery of what you know, the mystery of who you are, the mystery of why you are here and the mystery of what you have to respond to. You are not here to simply fill your mind with more answers that cannot be recognized or understood. This, then, moves things in the right direction. Yet, of course, there are people who cannot tolerate the mystery and must have answers, thinking answers will resolve their inquiry. Those people will constitute the majority of people who inquire about The Allies Briefings and who will question you about it. You, personally, cannot answer all questions there are about the Allies – who they are, where they come from, how they got here, their method of propulsion, where they are hiding and how they communicate. How can you possibly answer all these questions? However, you can be aware of the Allies, and you have the ability to recognize the validity of their message. You have learned enough about life and about nature to understand their point of view and what they emphasize and why it is necessary. This is because of higher consciousness, not because you have answers. The Allies of Humanity Briefings promote questions. Already you can see the effects of the Pacification Program that is being generated by the Intervention. There are already many people who have fallen prey to this, either by their own inclinations or by outside influence. Here people are led to believe that they cannot really judge anything. You need to evaluate what is happening. These people think they cannot be critical. People who have been affected by this Pacification Program cannot even make a decision. That is how you must be with life. It is true you must be willing to look at everything. But it is not true that you must accept everything, bond with everything, welcome everything. Higher consciousness does not mean that you do not make critical evaluations. It simply means you view things from a higher vantage point. This does not mean that everything becomes grey. It means that everything becomes clear. You clearly see what to do and what not to do, what is good and what is not good. If this is not the product of spiritual study, then someone is being disabled. While it is true you must learn not to judge a situation based upon your conditioning or beliefs, ultimately you must judge a situation based upon Knowledge, the Spiritual Intelligence that lives within you. This is the final arbiter in your discernment. However, people do not recognize this. They take the first step and they think it is the last step. The first step

is where you do not judge. This means you must learn to look and recognize something, which you cannot do, if you judge it immediately. This is the first step, but people think it is the last step. The last step is very different from the first step. You do not judge in the moment because you need to see and know and recognize what you are looking at. You cannot be discerning if you judge things outright. Yet beyond this discernment, you must see clearly if something is good or not. So you may recognize that the Intervention really is not good for humanity. In itself, the Intervention is not a good thing! You can see this everywhere. You can see it in the UFO community. You can see it in spiritual communities. You can see it emerging in people all around you. The Allies Briefings will create a stir because they advocate discernment. It must be good. Has your decision making become disabled? And if so, who disabled it? Why are some people thinking they must be open to everything and receptive to everything? Yes, they want to be non-judgemental, but that is only the first step. In some cases, their discernment has fallen away. This is a critical problem. As a result of this Pacification Program, people cannot see and cannot know, and basically, though they are confused and frightened perhaps, they will just go along. They think that everything has to be embraced. Where did this come from? These ideas of unquestioned acceptance are prevalent in much of the spiritual teaching you see today. And people accept these ideas wholeheartedly. We follow the higher truth. People who are being pacified will be led to believe that they are gaining higher consciousness when in fact all of their power is being taken away from them. The Pacification Program is based upon an understanding of human psychology and human tendencies. Here people are conditioned to think that in order to be acceptable to God, they must basically give away what God has given them to use. I will look for the good in everything. Is such acquiescence purely a human invention? Is this something that people just concoct for themselves in order to be happy in the moment? Well, in some cases, this is true. But consider the pacification of humanity. How are people pacified? After all, if everything that happens to you is good, then why resist anything? Just embrace it all! This is the Pacification Program at work. This influence is becoming omnipresent around you. They are jumping into the fire. They are giving themselves away wholeheartedly. This is where it is happening! They become ever more listless and self-involved, and they become ever more dysfunctional. This disengagement produces an anxiety at a deeper level, a level where you know that your life is not progressing and that you are not going where you need to go. Yet people will think that this discomfort is part of their fear, or part of their psychology that must be eradicated and exorcised out of themselves.

This creates a greater context for understanding why the Intervention is occurring, who is generating it and what humanity will need to know to preserve and build human freedom and sovereignty so that we can fulfill our destiny as a free race in the universe. In the Greater Community of Worlds the idea of God is presented differently than it is in this world. All that can be translated is the pure experience of Knowledge—the experience of Universal Mind, profound awareness and total relationship. This is the experience which will be presented in this book—an experience of translatable spirituality that is shared between intelligent life everywhere. Its application is universal. Its experience is universal. Its communication is universal. The direction that it establishes for sentient beings everywhere is universal. Greater Community Spirituality encompasses a larger panorama of life and includes all that has been created here and beyond, in all dimensions, in all frameworks. So complete is it that you cannot fathom its Mystery, exhaust its Wisdom or penetrate its Knowledge. But you can be the recipient of these things, and you can translate them into your own experience and apply them here at great benefit to yourself and to others. The world is now emerging into a Greater Community of Worlds. Therefore, it is necessary for Greater Community Spirituality to be presented here to enable humanity to prepare mentally, emotionally and spiritually for the great change that is coming and the great opportunities that this change represents. To learn about the Greater Community, you must learn of its reality. This, then, is a blessing:

The Allies of Humanity Book Three presents the third set of "Briefings" from a mysterious off-planet source whose stated purpose is to orient the human family to the realities of life in our local universe and to alert us to a dangerous Intervention now.
