Chapter 2 : 10 Best English Grammar Books | I Must Read

Basic English Syntax with Exercises Mark Newson D'Ániel Pap Grammar and Linguistic Theory This book attempts to describe some of the basic grammatical.

If you are on this site for English grammar practice, these tips will really help you. Invest your time in learning. It surely takes some time to learn English. There is no shortcut way to learn it. Some websites may say that they will teach you English in seven days or one month. These are false offers. Invest some time in learning and practicing. Your English skills will surely improve. Speak, speak, and speak! Try to speak English the same way you write it. Do not worry about grammatical mistakes. The more you practice, the less mistakes you will make and the more fluent you will be. So, practice daily and do not be afraid of grammatical errors. Slow down your speaking speed. Your confidence will go down if you try to speak fluently from the very beginning. Give yourself some time. Start with slow speaking speed and increase your speed over time as you make more progress day by day. Slowing down speaking speed has another benefit – you will get enough time to make sentences in your mind before you speak. The more you practice speaking, the more confident you will be. Use Mobile apps. Luckily, there are many English learning apps available. Some are free and some are paid apps. If you are a smartphone user, you should install some of these apps in your mobile phone. You can at least install one app and start practicing. A mobile app is a very handy and useful thing to learn at your convenient time. You can start with free apps. Install and use a dictionary app in your mobile. There are several free dictionary apps that will help you to learn proper pronunciation and new words. It is highly possible that your smartphone already has a dictionary installed. Use it or install a better one. Try to get a good bilingual dictionary for better understanding. Besides using a mobile app, you can buy and use a good bilingual dictionary. A good bilingual dictionary is always a good investment for personal improvement. Learn English idioms and phrasal verbs. Idioms and phrasal verbs are very common in everyday English conversation. If you do not know them, you may fail to understand the correct meaning of what the other person is saying. So, do not ignore them. Try to learn the most common English idioms and phrasal verbs. Listen to news bulletins. Almost every radio and television channel broadcasts news bulletins. If you have a smartphone, radio or television, you can listen to these English news bulletins. Besides learning the correct pronunciation, you can learn correct English. Listening to these bulletins will also improve your fluency. This is a common technique used by English learners. Read out loud. How does your English sound? The pronunciation style of some people is very bad. But there is a simple and easy way to fix/improve pronunciation. Take a newspaper or any other script written in English and read out loud. This way you can hear and test your own pronunciation. If you are not happy with your own pronunciation, keep practicing and your English pronunciation will surely improve. Learn new words daily. The more words you learn, the better you can understand English and express yourself. You may be surprised to know that learning only the basic words can help you to speak English that is used in communication everyday. Learn sentences. Besides learning common words, try learning common sentences used in everyday English communication. This will give you a huge boost in your learning efforts. Write every day. When you write, do not be shy of your mistakes. Try to write at least a few paragraphs, ideally at least one page. It is a great practice to use your newly learned words and practice grammar. This will also improve your writing skills. Watch English movies. These movies will help you to learn proper pronunciation and improve your understanding of English. When you see how native English speakers speak English, your mind will automatically start copying the style. You can try to speak like them at home to understand the quality of your pronunciation and fluency. Language swap. There are several websites where you can find people who are native English speakers and want to help you learn English if you teach them your language. This is free and can be a great way to learn from native speakers. Many learners are using this method and you should give it a try. Go to a mentor. A mentor can help you to guide in the right direction. She can measure your progress and suggest whatever you need to improve. You can regularly discuss about your improvement and weakness with your mentor. Oftentimes, she can help you. Your mentor can be someone who is good at English. Try to correct your mistakes. It is common to make

mistakes. Every time you make a mistake, write it in a separate piece of paper. Make a list of mistakes. Check your mistakes from time to time and try not to make these mistakes again when you practice. These mistakes are clear and good indications of your weakness in English. Give yourself time to think Whenever you make a mistake, you should think how you can avoid this mistake from next time. Take time and assess your progress and weakness. Be an advance learner Try to learn advance English grammatical rules and vocabulary. Never be happy with your progress. The more you learn and practice, the better English skills you achieve. Start with "Tense" There are mainly three types of tense - past, present and future. Usually, verbs indicate the correct form of each tense. Besides learning tense, you should memorize some verbs too. It is interesting and easy to learn the necessary verbs. We use subject pronouns such as I, we, he she, they when the subject is doing an action. Usually, we use subject pronouns at the beginning of a sentence. I cannot remember the story. But we do not start a sentence with object pronouns such as me, us, him, her, them. Active voice and passive voice Many English learning students get confused here. In active voice, the subject performs an action. In passive voice, the subject and the object of a sentence swap to form the correct sentence. The cinema was gone to by me. The cinema was enjoyed by me. Prepositions A preposition defines the relationship between an object and its surroundings. Without the proper use of prepositions, your English will sound weird. Luckily, there are only a handful of prepositions and these are easy to learn. English Vocabulary Exercise Tips Learning new words can be a matter of fun but you need to follow some effective methods to learn new words faster. Read them all in the list below. Read, read, and read You will find many new words that you need to learn in novels and literary works. You will be most benefited if you read classic literary books. You should also read magazines and newspapers because these are also good sources of new words that you need to learn. These sources often use high quality English that often contain both common and advance words. Vocabulary wordbooks In the bookshops, you will find vocabulary wordbooks that range from beginner to advance levels. You can buy one or more depending on your requirements. These books make it a lot easier to learn because these books come with a complete list of words that is suitable for your level. Use a journal During your learning time, you will surely find new words.
