Thank you so much for your perfect job! I answered 68 questions out of I am very happy! Many thanks for your help, dear Hanne. All the confidence I got from your school helped me a lot to pass my Danish test. It was a good course with a fine structure. And my teacher has a very clear Danish pronunciation. Hanne, you are a really good teacher. Thank you for 5 fun weeks! I got a small class so that the teacher made sure everybody understood. That helped me a lot. The atmosphere was friendly. I was very motivated to learn as my sweetheart is Danish but I was also shy and self-conscious. The program is systematic, and I enjoyed the sessions very much even though I was often self-conscious and uncertain of my pronunciation. Hanne often assured me that I was doing better than I thought and my class mates did too. All in all it was a lovely experience. I look forward to coming back to Denmark to do the last 2 weeks of my 5-week course with Copenhagen Danish Courses. We have worked a lot with the pronunciation and the basic structures. Hanne creates an environment of safety and security and always keeps smiling. Without drowning us with vocabulary and paperwork, she offers a course which is very structured and very well thought out in order to use the time to a maximum. The overall focus is on conversation skills and you feel that with this good start, you will have a solid base for further learning.
