

## Chapter 1 : Barn, Garage & Shop Building Plans

*The best online knowledge base with over 60, plans. A knowledgeable and experienced staff ready to help you build the home of your dreams. Customization services, second to none in price and quality allowing you to architect your plans to fit your needs.*

Easier said than done! Just like LEGO instructions. No complicated instructions that will have you scratching your head or confusing technical jargon. Your shed is only as good as the materials you use to buy them. It allows you to buy exact amounts. It saves time and cuts down waste. That is not enough. Which of the two would you rather use? Some will sit around, occupying valuable space, all the way until the last step. Not only did I teach friends The Shed Practically Builds Itself All 12, shed plans designed by ME So you can buy JUST what you need, budget better and multiply your floor space. LEGO style assembly instructions. The plan will hold your hand from step 1 and guide you along each step. You get thousands of designs and styles of sheds! From large outhouses, garages to small storage and garden sheds The truth is, woodworkers and hobbyists from all walks of life have benefited greatly from this package and testimonials like these started to flow into my email inbox: One of your bonuses really sold me and it was the guide to woodworking techniques. Thanks again for your wonderful work and most of all for sharing your work in such a generous way. Run to get this now! This is, hands down the best and the most bang for buck of all of them. The quality of the designs on all your sheds are simply exceptional! Loved all the photos and systematic step by step approach. Clear directions and materials list assisted me, a non-builder, in completing the shed I wanted. Its great for a novice builder like myself! Great stuff there Ryan! Plans and construction details are easy and straight forward. The designs are really nice yet practical. Not to toot my horn but it is way better than the sheds that many of my neighbors had put up. By using all the plans and blueprints "I have helped home owners and establishments alike construct remarkable looking sheds and woodworking projects at the fraction of the cost they would normally pay! No questions asked, no hassles, and no hard feelings. Free Bonus 1 Advanced Woodworking Tips After years of woodworking, experimenting with different techniques, trading notes with other experts and teaching beginners to get their woodworking chops up to a master-level -- fast They were "little" things Make your shed fit ANY area or space you want. There is NO guesswork at all. This directory is the latest, most up-to-date and comprehensive directory of suppliers and wholesalers to date. Even those hard to find, rare exotic woods, will be within reach. See what exists in your town or have it mailed to you. You can do it with this directory.
