

Chapter 1 : [www.nxgvision.com](http://www.nxgvision.com):Customer reviews: Christmas From Hell: A Neighbor from Hell: Volume 7

*The first 2 books in the Neighbor From Hell series are still to this day, 2 of my all-time favorites. The ones that followed were a bit disappointing to me. I have to say, this short Christmas read with the Bradford's did have me cracking up a few times.*

Paperback of Christmas from Hell is now available here. But, God, would he fucking love to be able to lie to her right about now. Wishing that he could do a lot of things differently, he opened the door to the large laundry room off the back foyer and quickly discarded everything saturated with smoke until he was left standing there in his boxer shorts. The last time had been more than enough for him to get over his embarrassment and for her to get comfortable enough with him to threaten his balls if he ever made the house smell like it was on fire again. There really was nothing quite like the scents of sweat, ash and smoke filling the air after a fresh fire and giving his sister-in-law a whole new trigger for morning sickness. He worked three twenty-four hour shifts, most of that time was spent on the rig and the rest of the time he spent pulling ambulance duty, which took a lot out of him. It had also made him the perfect choice to move in and help his brother once Darrin had been able to return from Florida and that fucked up side trip to Las Vegas. By the end of the day they could usually find her curled up on the couch or the nearest bed, which was the reason that he did most of the cleaning and about a thousand other things that had to come before he could grab some sleep, something that he seemed to be getting less of with each passing day. Danny and Jodi needed help and right now he was the only one who could do it full-time. Christ, the last time he could have killed his brother for refusing to ask for help. The stubborn bastard refused to listen. After that he just kept his fucking mouth shut and sucked it up. After five years of her boss stealing her recipes and passing them off as her own, making her work double shifts, denying her raises and some time off so that she could have some semblance of a life, Necie had finally had enough. That was also around the time that the long line of eighteen-wheelers decided to speed down the street, destroying everything that she owned and leaving her sitting there shaking her head with a sigh, because really, she should have seen that one coming. After observing a moment of silence for her favorite tee shirt from college, the one that had been super soft and was now nothing more than a shredded mass, she decided that it was time to move onto the next stage of her life. She loved her grandfather. He was her best friend, the man in her life and the only person who truly understand her and accepted her klutzy ways. He always had a ready smile and a wink for her when something went bad. Which unfortunately happened quite a lot. Maybe she should go back to Boston, scrape her clothes off the road, ask her landlord to let her move back into her apartment and go beg for her old job back. That was fine, she decided as she climbed out of her car and carefully made her way to the back of the house where her grandfather kept the snow shovels. After years of unfortunate accidents, she was well versed on how to handle this. He was also the most considerate too, she absently thought as her feet slipped out from beneath her and the incredibly hot man wrapped his arms around her, turned in mid-fall and took the brunt of the hit, keeping her safe and making her wonder if there was any chance that he would forget about this. Other Books in Series.

I am a bad fan, I think although I had a good Christmas that my Christmas would have been much improved if I had this to snuggle up with. The Bradfords are the perfect entertainment on a cold Christmas night and I w This novel was no exception, and I almost woke my sleeping son several times from laughing out loud so much! Duncan was a somewhat typical Bradford hero, and Necie wa Gitte TotallyBookedBlog Dec 17, ? He was far from being annoying. He was the helpful fucking one. Everyone fucking loved him, he told himself as he glared as the small woman continued to ignore him.? When you pick up an RL Mathewson story you pretty much know what you? Whitney Anderton Jan 02, I used to love this series. Bella Carstairs Feb 26, 4. Esta saga me encanta, y este libro me ha recordado mucho al primero, que por ahora es uno de mis favoritos Sivutha Nov 17, 5 Little Jinx Stars Another awesome read from this author and perfect for the holidays: Duncan is beyond annoyed by his next door neighbor, Necie cause she is a walking disaster lol. For a year and half Duncan has been avoiding Necie cause every time he is near her, he would Hollie Dec 28, The first 2 books in the Neighbor From Hell series are still to this day, 2 of my all-time favorites. The ones that followed were a bit disappointing to me. Was it realistic, no. Ruchi Dec 21, I might be done with this series. The books are getting repetitive and the jokes are no longer funny. This was painful to read. I really hoped that this book would be better than the previous one, but unfortunately it was worse. BookLover Nov 21, After finding the last instalment in this series to be a bit disappointing, I was thrilled with Christmas From Hell. This book had all of the usual R. Mathewson qualities I love in a book.. Duncan was a mo Holidays are never boring with the Bradford family. RCK Aug 29, Not bad but not the best. I found that there was too much inner-monologue, that had me skimming. I also would have liked if the hero found out a bit earlier on that he loved the heroine, it was almost left to the very end. My favorite parts were with heroine and her grandpa This authors books are getting repetitive and predictable. Her h and h are all the same just have different names, the only two books that the heroines were different are truce and checkmate. This one fell a little short compared t Duncan was a bit of a douche for most of the book and I just felt bad for Necie. Deeksha Dec 10, This book started out good. But the jokes got over the top and way too repetitive and the story turned cheesy. And then there was Duncan. He is, after all, only a man. And to his credit, he made up for said screw up. Libby Harrison Aug 27, <https://> Ally Jan 23, Lord be praised. Oh my stars, but I sure am done with this series. If I try to read another one, someone needs to reach out and slap me Eleni-Revekka Nov 22, Guys, you should really give this a chance!!! Grandpa for the win! Astraycat Dec 22, 3. As usual, this was a humorous reading with many hot scenes. Steph Nov 27, What a stunning read! Thanks RL- loved it to bits, and you are right it was in the tone of the 1st 2 books- a little bit naughty and a little bit nice- just right for the Christmas season: Quirky Omega Jul 11, Hot saviour-from-hell-heaven neighbour? XD I imagine any normal Bradford to be this way. Such a funny read. The heroine is the most dangerously clumsy person ever. She can unwittingly cause car crashes, elec This book was such a fun and easy read with some sexy moments and some moment where you just want to hit your head against the wall for the poor heroine. Especially with all the acc Kate Hastings Feb 05, I just love this series. These Bradford men are just so Stupidlamb71 Nov 27, I really loved this one more than past few ive read. Gotta love the Bradford Family: Always nice to see Jason and Trevoe around: This book was too OTT and silly. This book unfortunately was just like that. At first the mishaps were cute and funny but they got old REAL fast. Download at full speed with unlimited bandwidth with just one click!
