

Chapter 1 : Christmas Crafts for Kids Page 1

Looking to craft something special for the Christmas season but don't have that much time? Find Christmas crafts, (such as cookie mailing tubes to pack treats from our downloadable holiday cookie guide), that require only a few on-hand materials and take just minutes to make -- perfect for both you and the kids.

Handprint Reindeer This handprint reindeer is one of our favorite crafts for Christmas. It is easy enough for even very young children to do and makes a great homemade gift or even Christmas card for grandparents and family. **Candy Cane Ornament Craft** To make this adorable craft with your kids all you need to do is to string some beads onto a pipe cleaner, bend it into a candy cane shape and then hang it on the tree! This is a great Christmas craft for your toddler or preschooler. **Holly Leaf Wreath** Need a homemade Christmas decoration? Try making a beautiful wreath for your front door out of a paper plate and some paper holly leaves. Our Holly Leaf Wreath craft is simple to make and made with materials you most likely have on hand. **Pom Pom Christmas Tree** Turning a handful of colorful pom-poms into a beautiful Christmas tree is a great way to spend a December afternoon with your child. This craft is great for kids of any age, and our tips and template make it that much easier to do with the younger set. **Snow Globe Ornament Craft** Make a beautiful handmade Christmas ornament that your children can give as a present or that you can use to decorate your own tree. You can make this ornament using thumbprints to add sentimental value as well. All you need is a plain plastic ornament, white paint and a little white craft sand. **Christmas Star Magnets Craft** This craft is an easy handmade present that even the youngest child can make themselves. When the craft is done you can either glue a magnet to the back of it, which is great for teachers, or you can glue ribbon to the back of it to turn it into an ornament. **Styrofoam Christmas Tree** Our styrofoam Christmas tree craft has a variety of new textures, materials, and techniques that are appealing to kids. Kids get to paint over styrofoam with glue, rip apart tissue paper, and play with glitter and in the end they will have created a beautiful craft that is even worthy of being given as a gift. Made from our template, construction paper and any decoration you have on hand, this craft is an easy Christmas craft for kids to make. **Styrofoam Santa** This styrofoam Santa craft was created because we needed a new homemade decoration for our mantel! With a styrofoam ball, felt, cotton balls, paint and glue your kids can make this craft too. **Paper Plate Reindeer** With handprint antlers and a simple paper plate head, our paper plate reindeer is a great one to do on a cold winter afternoon with materials you most likely already have on hand. It is a cute, simple craft that is great for the younger set. **Styrofoam Reindeer** Our styrofoam reindeer craft is a one for kids to do using some different materials like styrofoam and pipe cleaners which have great textures. The addition of a jingle bell collar makes this craft even cuter! When set next to the styrofoam Santa craft above, this craft makes a fantastic decoration for your mantel. **Foam Gingerbread Man** Use our template to create a foam gingerbread man. We decorated our gingerbread man traditionally, but encourage your kids to use their imaginations and decorate their gingerbread man or woman however they would like. Add a hat, a skirt, or even shoes - anything to make it fun. This craft is very toddler friendly as well. **Printable Christmas Worksheets for Kids** Check out our collection of free printable Christmas worksheets for kids. Click on any of the images below to view larger printable version.
