Sir John Strangways () left a relatively full record of his long public life, as documented in numerous parliamentary records and other accounts.

We also encourage reports of all resources which are relevant to literary studies of the period, including those available exclusively in the electronic medium. Our aim is to publish reviews of a consistently high standard, which are both engaging and critically fair, written by a broad range of people at different stages of their academic careers with varied disciplinary backgrounds. Please note that all unsolicited materials sent to EMLS for the purposes of review must be plainly marked with the word "Donation" on the front of the mailing cover.
