Weekly astrology column over urgent topics. Dream Dictionary Roller Coaster When you see a roller coaster enter your dream as a dream symbol, this usually means that right off the bat, something in your life is going through changes. Riding a Roller Coaster in Your Dreams: The Significance of a Dream Roller Coaster It could be you, it could be a friend, or it could be a few things. However, a roller coaster suggests that something has made a big change in your life, and as soon as you ride it, you are going to find out what those changes were. The meaning of dream about roller coasters will often tell you just what direction that you feel your life is going in. A dream dictionary will usually tell you that if you feel that you are going up higher inclines and down less steep drops, then for the most part, you are doing better than usual. However, if you are going down sharper drops and not doing as many inclines, this could be a sign that your life is getting worse. Of course, dream meanings such as this can only be applied in a very loose sense. However, if the dreamer was able to come up with a list of things that had taken steep changes or relationships that had experienced ups and downs recently, then they might be able to get a good idea of what the roller coaster image relates to. Dream interpretations agree that dream symbols usually directly relate to events that are occurring in the life of the dreamer. To this end, it makes sense to assume that if you have had a lot of ups and downs recently in your life, then a roller coaster would be a great way for your subconscious to express that. If you have been having erratic emotions lately, then one dream interpretation of a roller coaster might be that it exists to notify you of your constantly changing emotional state. Yet another dream meaning of a roller coaster might be that the roller coaster is there to notify you of changes in your friendships or relationships. Have a partner that you have been on and off with, or a friend that has flaked on you too many times recently? Then this might be the reason that you are dreaming of roller coasters. A roller coaster can also be a message in your dreams about your successes. If you have been successful in life, then a roller coaster may remain at a steep incline for some time, but if you have not, then the roller coaster may be constantly plummeting. One important thing to note about this is that you should notice the people that are riding in the roller coaster with you. If there are people in the coaster that are significant to your life, then this may indicate an important message about these people. Stay alert for these details.

Chapter 2 : ROLLERCOASTERS - Dream Dictionary

Roller Coaster Dream Interpretation Roller Coasters in dreams relate to the changes that you have in the dream or the emotions that you have while going through those changes. The feeling typically relate to a mixture of both fear and excitement at the same time.

Now you estimate the situation as a temporary event. If you ride a roller-coaster alone, it means that soon you will be lucky, and you will find real passionate love. Dreams are different, some dream about something abstract and totally incomprehensible to the waking mind, others so vividly feel and experience events in a dream, that they are surprised when wake up. For example, nausea and dizziness which is felt during a dream, suggests that a dreamer has problems with vestibular system. If a carousel was with chains, it is a sign of some attachments to the past, to the time when a dreamer was a kid and did not think about the problems of life. It is necessary to get rid of them. For these purposes, you need to mentally remove the picture associated with an amusement park from your memory. Roller-coaster with chairs firmly attached to its base is a sign of a very active life, in which a dreamer has almost lost a guide. Therefore, it is necessary to take a few days of rest and to think about how to bring daily matters in order. So-called "Ferris Wheel", which attracts visitors of all parks in the world, means the ability to perceive usual things from a different perspective. Therefore, the interpretation of a dream, where you had a chance to ride a Ferris wheel is just the opposite of what was described in the paragraph above. If you have a ride on roller-coaster despite your will, it indicates the fact that the circumstances of your life are much stronger than your plans and intentions. In this case, you should try some developing practices. For example, yoga helps to develop the body and energy. Eastern astrology will help you understand yourself and your destiny. Fen Shui will tell you how to arrange the furniture and how to choose your own home, how to be healthy and successful. If you ride a roller-coaster which you remember since childhood, it is an indication of the desire to get away from the problems of the present. In this case, the change of environment should help. After a short rest everything will be back in its place and you will enjoy everyday life. If you feel fear and a lot of negative emotions while having a ride on a roller-coaster, it is not necessary to be afraid, because nothing bad will happen. This dream usually indicates that a dreamer does not accept the hustle and abrupt changes in life. Horoscope on October

August 24, at 6: Airplane was riding on the ground, seems like it was after emergency landing. There was a train going very close to the airplane, so at one point everybody escaped through the doors of the airplane, which were opening like subway doors. Then the airplane took me to the snowy mountain, right on top. It was dark and scary, but kept seeing the tracks on the ground and it made me feel better. But no, everything was fine. In fact, I enjoyed the ride, I felt tons on adrenaline going through my body, it was almost orgasmic experience. I went to six flags on my birthday and I had a dream I was with the boy I like Kathy: April 24, at 9: I was happily married without a single thought of this past boyfriend for years and years, afterall I was only 18 when we dated. He friended me on facebook and 4 messages into our conversation dropped the bombshell that he still loved me. I felt confused, angry, sad, guilty, ecstatic, dumb-founded, arousedâ€you name it. Went to bed amidst all that emotional upheaval and dreamt about him. We were on what seemed like the tallest rollercoaster ever, but I had no seatbelt on. We topped the hill, and in the moment before the descent I remember looking down and feeling petrified. With butterflies in my stomach, I looked at him and he at me and our lips met. We were locked in a passionate, unrelenting kiss as the freefall commenced and remained entwined until the following ascent. The dream ended at that point. The brain truly is a mystery.
