Educational Psychology > Introduction to Educational Psychology > Essentials of Educational Psychology, 2nd Edition.

HPB pick - Out of stock Loading HPB condition ratings New: Item is brand new, unused and unmarked, in flawless condition. No defects, little usage. May show remainder marks. Older books may show minor flaws. Shows some signs of wear and is no longer fresh. Used textbooks do not come with supplemental materials. Average used book with all pages present. Possible loose bindings, highlighting, cocked spine or torn dust jackets. Obviously well-worn, but no text pages missing. May be without endpapers or title page. Markings do not interfere with readability. All text is legible but may be soiled and have binding defects. Reading copies and binding copies fall into this category. Mint condition or still sealed SS. Absolutely perfect in every way. No defects, little sign of use, well cared for. Not necessarily sealed or unused, but close. Could be an unopened promotional or cut item. Will show some signs that it was played and otherwise handled by a previous owner who took good care of it. Attractive and well cared for, but no longer fresh. Minor signs of wear, scuffing or scratching, but will play almost perfectly. This item is in okay condition. Obviously well-worn and handled. Most vinyl collectors will not buy good or below, but some tracks on CD or vinyl will play. This movie is unopened and brand new. No defects, little sign of use. No skipping; no fuzzy or snowy frames in VHS. Attractive and well cared for but no longer fresh. Minor signs of wear, but will play almost perfectly. This item is in okay condition and basically works well. Basically plays, but may be obviously well-worn with some scratching or tape distortion. Disc or tape is intact, but may be scratched or stretched. There may be skips or distortion or product defects. Sign up for bookish emails And get a coupon for your first purchase.

Chapter 2 : Psychology | McGraw-Hill Higher Education

*Essentials of Educational Psychology (with MyEducationLab) (2nd Edition) [Jeanne Ellis Ormrod] on www.nxgvision.com *FREE* shipping on qualifying offers. sercontent>Brief educational psychology text appropriate for all courses in introductory educational psychology.*

Product information Description The first book of its kind, *Essentials of Educational Psychology* focuses squarely on the core concepts, principles, and underlying assumptions of the field of educational psychology—the big ideas of ed psych. It is a book that enables and empowers students to understand the value and essential importance of educational psychology to becoming a qualified and quality teacher. **Features** By focusing squarely on the big ideas of educational psychology, Ormrod has produced a 10 chapter book that can truly be covered and understood in a term. The book is structured around fundamental ideas in educational psychology that teachers must understand if they are to be effective educators. See the brief table of contents on p. **Theoretical Perspective tables** provide readers with focused information on the psychological theories and theorists who have had a significant influence on educational practice. See, for example, pp. **Helps readers develop a concrete understanding of how educational psychology applies to themselves and to real children and classrooms.** Examples of work created by actual students and teachers. See examples on pp. **Video examples** from elementary, middle, and secondary school classrooms. The book includes many video examples of elementary, middle, and secondary school classrooms in action, as well as one-on-one interviews with children and adolescents. **Classroom Strategies boxes**, examples and bulleted strategies in the text narrative offer concrete suggestions for how teachers should apply particular concepts and principles. **Integrates a discussion of developmental and cultural differences in every chapter.** **Cultural Considerations** features describe the cultural differences students may have in specific areas, such as behavior, reasoning, and motivation. **New topics in these boxes include** cultural diversity in worldviews, epistemological beliefs, views and manifestations of intelligence, achieving a sense of self-worth, views about appropriate emotions, and cognitive dissonance. **Developmental Trends tables** highlight developmental differences teachers are apt to see in grades K-2, , , and . These tables also include educational implications and suggested developmentally appropriate strategies. **New to this Edition** **New in the Second Edition:** Expanded coverage of theory and theorists. **Theoretical Perspective tables** that provide readers with focused information on the psychological theories and theorists who have had a significant influence on educational practice have been expanded and now include references to the specific page numbers where different theoretical ideas are discussed. Ormrod has also added a series of readings on key theorists that provide instructors and students with more in-depth coverage of important theories. These readings appear on the online course that accompanies the book. **Expanded coverage of students with special education needs.** Chapter 1 now includes an introduction to students with special needs and inclusion. A new section on disabilities that affect social functioning has been added to Chapter 7. **Expanded coverage of cultural diversity.** **New topics in include** cultural diversity in worldviews, in epistemological beliefs, in views and manifestations of intelligence, in achieving a sense of self-worth, in views about appropriate emotions, and in cognitive dissonance. See examples of the **Cultural Considerations** feature on pp. **An integrated, multimedia resource, MyEducationLab.** Give targets to shoot for as readers read and study. **Help readers test themselves on specific ideas in each section of the chapter.** Allow readers to test their mastery of each chapter objective. Not only will they give overall scores for each objective, but they will also explain why responses to particular items are correct or incorrect. **Deepen an understanding of particular concepts and principles in the chapter.** Ask readers to answer several questions related to one of the articles in the **For Further Reading** list at the end of the chapter. **Give practice in answering essay questions similar to those found on a quiz or test.** **Deepen knowledge of particular theorists or concepts.** Give practice in a particular aspect of teaching, perhaps in lesson planning, assessment, or sensitivity to diverse cultures. **Illustrate principles of cognition, development, motivation, and effective classroom**
