

Chapter 1 : - EXPLORATIONS IN ACTIVE MENTATION by Keith A. Buzzell

Explorations in Active Mentation investigates G.I. Gurdjieff's teaching, drawing from a lifetime study of Beelzebub's Tales to His Grandson. Explorations in Active Mentation is "a major illustrated attempt to bring out the meaning and significance of Gurdjieff's philosophical ideas," says The Inner Bookshop, in Oxford, England.

Gurdjieff has been recognized as one of the most original, enduring, and penetrating teaching of our time. This allegory, majestic in argument and scale, ranges in scope from the genesis of the cosmos and the unfolding of life at all levels. In this book Gurdjieff speaks a patterned language, unlike that of any other writer, to dismay automatic thinking. Subsequently, Dr Welch became an active member of the Gurdjieff Foundation of New York, and served as its president from until his death in Dr Welch would read for about half an hour; these readings were often followed by discussion that would continue late into the night. Thirteen essays and color illustrations are framed by "The Author's Journey" and "Recommended Reading" Reference." Explorations in Active Mentation is unique in its profuse incorporation of symbol and color illustrations to aid the reader in understanding Gurdjieff's teaching.

Gurdjieff and The Fourth Way G. Gurdjieff was one of the most significant spiritual teachers of the 20th century and his teachings have had a major influence on Western thinking. In Search of the Miraculous P. The Journal of a Pupil C. Nott writes clearly and insightfully and captures the nature of practical work in an esoteric school. The book is charming, innocent and humorous, providing many insights into the way Gurdjieff imparted his teachings to both children and adults. Our Life with Mr. This poignant account of their years with Gurdjieff provides an honest and revealing description of inner work under the guidance of a master. Views From the Real World: Early Talks of Gurdjieff G. Dutton This important volume consists of talks, lectures and conversations with Gurdjieff as recollected by his pupils between and The book provides an authentic glimpse into the way Gurdjieff presented his ideas and challenged his students. Making a New World John G. It reveals many of his innermost thoughts and feelings and autobiographical details drawn from his extensive search for esoteric knowledge. He provides important material on the quality of inner attention, the nature of group work and the experiential efficacy of the Movements as instruments of self-understanding and spiritual transformation. Continuum This impressive volume is an anthology of essays, interviews and personal accounts of Gurdjieff and the impact of his teaching. The personal reminiscences by pupils who worked directly with Gurdjieff are the most moving and valuable contributions. The book is a compilation of various notes, talks and exchanges, and offers a perceptive exploration of practical self-study and work on oneself. The connecting thread of each tradition is the importance of conscious awareness grounded in the present moment, and balanced harmonious development of body, mind and feelings in everyday life. Views from the Gurdjieff Work Jacob Needleman, ed. Morning Light Press This excellent anthology is a collection of material published in Parabola magazine over the last thirty years. The authors, most of whom were direct students of Gurdjieff, present the fundamental ideas and practices of the Work from a variety of perspectives. Transcripts of these wartime meetings form the content of the book. We hear Gurdjieff speaking in his own voice as he guides and challenges his students in the practice of the Work. Spiritual Survival in a Radically Changing World Time William Patterson Arete Communications Patterson explores the challenges, dangers and opportunities of our modern technological society and how it can spur us to awaken to a new integration of body, senses and mind. Man in the Cosmos: Wertenbaker, a long-time member of the Gurdjieff Foundation, explores the relationship between the mystical cosmology of Gurdjieff and the discoveries and theories of modern science. Through a series of essays, he provides a fresh look at the relationship between the inner world of consciousness and the outer world of phenomena. Paris Meetings G. Gurdjieff Dolmen Meadows Editions The book is an English translation of notes taken at meetings between Gurdjieff and groups of French pupils in at his Paris apartment.
