

Chapter 1 : Forward to Camelot : Susan Sloate :

Forward to Camelot: 50th Anniversary Edition is a release and published by Drake Valley Press. The book is co-authored by Susan Sloate and Kevin Finn.

Oct 28, Julie rated it it was amazing Forward to Camelot: The book is co- authored by Susan Sloate and Kevin Finn. I was given a copy of this book by the author in exchange for an honest review. In the year , Cady is a soap opera actress. She sp Forward to Camelot: She spends money like it grows on trees and hires private detectives to search for her missing husband. But, almost immediately she is offered another job. This job is somewhat more complicated. The lure is not time travel itself or the possibility of preventing the assassination, but the chance to find out about her father, then hopefully changing the future for the better for her mother. When Cady feels she has nothing to lose, but a great deal to gain, she accepts the job. Using her skills as an actress, Cady only has a short time to discover the plot behind the assassination and to prevent it, if possible. Cady also quickly begins to rub elbows with some of the major players involved, leading her on a journey that will have a long lasting effect, not only on Cady, but on the entire nation. At one time of another, I think we have all fantasized about traveling back in time. Going back to is one of the most popular periods people think about when the topic of time travel comes up. We all want to know if someone was on the grassy knoll, if Lee Harvey Oswald was the lone gunman, and if there was any way possible we could prevent the murder of JFK. Could we warn him? Can history really be changed? This incredible story allows us to indulge in that fantasy. A clever way of inventing time travel is devised that actually made sense. Cady lives out a fantasy we would all like to try, even if it meant we were in danger ourselves. Some things are just bigger than one person. There were some really hard lessons Cady had to learn about her own personal history. But, she shows incredible bravery and courage in her attempts to change history. The story sticks to one theory of why the President was targeted and by whom. Again, this theory is entirely plausible. Recognizable names and places are incorporated into the story and adds authenticity. Although the story is very tense, there were humorous moments as well. There may even be a little romance thrown in for good measure. This is a well crafted fantasy, very fast paced, and emotional. For me personally, I have been a JFK conspiracy theory junkie for years. I have often thought about how wonderful it would be if we could travel back in time to change the terrible events of that day. I know I am not the only one. I think that speculation was also quite plausible. Even if you are not all that interested in the history or conspiracy theories, I think this book would still appeal to those that enjoy thrillers, and fantasy, and there was even a bit of a whimsical feel to it as well.

Chapter 2 : Sloate, Susan & Finn, Kevin: Forward to Camelot – Room With Books

FORWARD TO CAMELOT is the story of a time-travel mission that changes history. In these pages live a gallant president and a young patriot who risks his life to save his Commander-in-Chief. It is a rare opportunity to re-visit an era that once was, and dream of an America that might have been.

On the 50th anniversary of the JFK assassination comes a new edition of the extraordinary time-travel thriller first published in with a new Afterword from the authors. Immediately afterward, the Bible disappeared. It has never been recovered. Today, its value would be beyond price. In the year , actress Cady Cuyler is recruited to return to for this Bible—while also discovering why her father disappeared in the same city, on the same tragic day. Finding frightening links between them will lead Cady to a far more perilous mission: History CAN be altered –! Excerpt: In the center of the photograph was a tall, burly man, with thinning hair slicked back, a large face, big flappy ears, right hand raised piously, facing a small brisk woman with dark hair and glasses. But the man, for all his bulk and heartiness, was not the magnetic force in the photograph. The woman on his left was. Younger than anyone else, with dark glossy hair, in a bulky light suit, her profile regal even in her anguish, blood spattering her clothes, she stood watching sightlessly. Her beauty and grief drew all eyes. Her pain was almost visible on the photo itself. His wife is on his right. Jacqueline Kennedy stands on his left. Sarah Hughes is the judge administering the oath. Kennedy had been assassinated only a couple of hours before. Here it is, being held by Mrs. That Bible belonged to President Kennedy. Kennedy supposedly traveled everywhere with it. The Bible disappeared right after this picture was taken. You have to understand—that day, the whole country was in a state of shock, and people did crazy things without realizing it, half the time. Coming down the ramp, Mrs. Hughes met a man dressed in a suit and tie and sunglasses, a man she believed to be a Secret Service agent. He asked her for the Bible. She gave it to him immediately; she thought he would return it to the Kennedy family. But the Bible disappeared that day and was never seen again. And I intend to have it. I know where it was on November 22, Sarah Hughes had it at Love Field. Kennedy, his time in office and his death, supposedly at the hands of Lee Harvey Oswald. My father and I spent hours reading about his history and discussing the infinite possibilities of what may have really happened that fateful November day in when this country lost its most beloved President. Now, I have had the opportunity to see, close up and through seemingly first-hand accounts, exactly what was planned and how, by changing just one moment in history, one changes the outcome of an entire nation. Forward to Camelot is a fascinating tale of time travel that takes us back to November of , several days before President Kennedy was assassinated. Johnson for his swearing in as the 36th President of the United States of America. The characters written into the life and times of President and Mrs. Kennedy are so rich and filled with life that they, and this story, became incredibly real in my mind. This feeling was enriched by the fact that I was actually in Dallas on November 22, , the 50th anniversary of the Kennedy assassination. The sounds, the feel, the sights painted by their words in Forward to Camelot are amazingly real. They are an extraordinarily talented writing duo, and I highly recommend Forward to Camelot to any person taken with the would haves, should haves and could haves of November 22, The original edition of Forward to Camelot became a 6 Amazon bestseller, took honors in three literary competitions and was optioned by a Hollywood company for film production. Challenging the Skies is a perennial young-adult Amazon bestseller. His next novel, Banners Over Brooklyn, will be released in For updates and more information about Forward to Camelot:

Chapter 3 : Customs Brokerage and Freight Forwarder | VR Camelot

Forward to Camelot: 50th Anniversary Edition brings together an unlikely trio: a gallant president, the young patriot who risks his own life to save him, and the woman who knows their future, who is desperate to save them both.

On the 50th anniversary of the JFK assassination comes a new edition of the extraordinary time-travel thriller first published in with a new Afterword from the authors. Chapter 4 : Book Nerd: FORWARD TO CAMELOT by Susan Sloate and Kevin Finn

Forward to Camelot: 50th Anniversary Edition by Susan Sloate Set in the year Cady Cuyler is an actress, a bit down on her luck. She is approached with a very unusual offer. To travel back in time to November 22, and retrieve the Bible of President John F. Kennedy.

In the center of the photograph was a tall, burly man, with thinning hair slicked back, a large face, big floppy ears, right hand raised piously, facing a small brisk woman with dark hair and glasses. But the man, for all his bulk and heartiness, was not the magnetic force in the photograph. The woman on his left was. Younger than anyone else, with dark glossy hair, in a bulky light suit, her profile regal even in her anguish, blood spattering her clothes, she stood watching sightlessly. Her beauty and grief drew all eyes. Her pain was almost visible on the photo itself. His wife is on his right. Jacqueline Kennedy stands on his left. Sarah Hughes is the judge administering the oath. Kennedy had been assassinated only a couple of hours before. Here it is, being held by Mrs. That Bible belonged to President Kennedy. And I intend to have it. He wore half glasses down on his nose and held a thick typewritten report in one hand. His navy silk tie was pulled down, his white shirt was rumpled. His eyes, though bloodshot, focused on us politely. I was face to face with President John F. He looked at us, puzzled, and glanced around the empty hallway. The President looked at us, raised an eyebrow. Quick, Cady, say something. President, my name is Cady Cuyler. In for a penny, in for a pound. They left some Fort Worth firemen to guard you. His eyes were a bit brighter, though it was now close to 2: He looked over at Lee, who gave him a tense smile, and stood almost at military attention. His hand was on the doorknob. Almost imperceptibly, he was inching it shut. I took a deep breath. But he was listening; I still had a chance. I live in New York in the year When I stopped, hoping, praying I had reached him, he glanced down for a moment, then down the hall. All was quiet, the annoying yellow lights still burning overhead. Like casinos in Vegas, it was impossible to know from the artificial light in the hotel whether it was noon or midnight. Before he could, I was talking again, as quickly and persuasively as I could. It makes no sense. Unless it was true!

Chapter 5 : Port Forwarding on Your Router for Dark Ages of Camelot

Forward to Camelot: 50th Anniversary Edition by Susan Sloate and Kevin Finn is a story of time past and time to come. Cady Cuyler is a actress on daytime TV and her ex-husband Craig is her agent.

BigAI Approximate word count: Susan Sloate is the author of more than twenty books, both fiction and non-fiction. Just out of high school, Kevin Finn began his professional writing career as a television news and sports writer. For more about Sloate, visit her website. On the 50th anniversary of the JFK assassination comes a new edition of the extraordinary time-travel thriller first published in with a new Afterword from the authors. Immediately afterward, the Bible disappeared. It has never been recovered. Today, its value would be beyond price. In the year , actress Cady Cuyler is recruited to return to for this Bible” while also discovering why her father disappeared in the same city, on the same tragic day. Finding frightening links between them will lead Cady to a far more perilous mission: For baby boomers, this was a big deal. A touchstone event for a generation. It dwarfs the death of Kurt Cobain, my best guess of the closest equivalent for the next generation. By their nature, time travel stories require a reader readily able to suspend disbelief. The authors did a good job of interweaving actual events with their fiction, right up until the point where the story diverts from actual history into their alternative, where Kennedy survives. As a delaying tactic, Cady had directed her father towards Galveston, planning to reveal that the item was actually in New Orleans at a point where it would be impossible to get there in time for his purposes. It raised my eyebrows when Don guessed the item was in New Orleans and had somehow arranged for a plane and pilot to meet them at an airport near Galveston. But then, when the plane was unable to take off due to the weather, I was flabbergasted when Don chose to wait until morning and take a boat. I guess they were doomed to fail. But if Don thought a quicker trip by plane was called for, why sleep for several hours and then use a method of travel that appears to have taken at least as long as going by car would have? It did provide some chances for lots of conflict and adventure during the boat trip, but at the cost of credibility as the story was building to its climax. The authors brought to my attention two errors of fact in this review.

Chapter 6 : - Forward to Camelot by Susan.; Kevin Finn Sloate

Nancy Bilyeau's third book in the Joanna Stafford Series is released today! Nancy is a master of historical fiction, and I'm very proud to have the FIRST review on Amazon!
