Rodgers considered the minimal number of layers to be a characteristic of early Chic recordings due to the technical production limitations his band had at the time. He elaborated that the title does not simply refer to sexual acts, but to the good fortune of meeting with and immediately connecting to someone. Friend and occasional collaborator Chilly Gonzales also observed that Daft Punk had previously used the chord progression in "Around the World" and that the verse, bridge and chorus of "Get Lucky" are largely defined by the melodic phrasing of the vocal. Rodgers announced his contribution to the song shortly afterward, and noted that various fan remixes of the clips have appeared online since the airing. The Daft Punk remix was first released on Spotify and, as of 27 June , was streamed 64 million times. According to Stephen Colbert , Daft Punk were unaware of any exclusivity agreement and were halted by MTV executives the morning prior to the taping. A remix of the song was also used in the dance number choreographed and performed by the nominees of the Primetime Emmy Award for Outstanding Choreography during the 65th Primetime Emmy Awards. The song was also used in The Simpsons episode " Bull-E ". Critical reception[ edit ] "Get Lucky" received widespread acclaim from media outlets and music critics. Michael Cragg from The Guardian said the song "eschews the crunching electronics of their last album and the vocoder-lead [ sic ] future-disco of Discovery", and it was the "best thing Pharrell Williams has been involved with for a long time". She remarked that Daft Punk are not making electronic dance music , but rather "real music to dance to". Cook had felt that recent popular electronic dance music had started to become bland and that "Daft Punk have given us [electronic musicians] all a kick up the arse.
