With unique rooms and delightful amenities in a serene location, our bed and breakfast welcomes guests any time of year. Dyer at the Inn at Lake Joseph said. By Saturday morning, you are physically watching them relax. The room was large and nicely decorated. The grounds were beautiful and the staff warm and helpful. They include breakfast but so much more. My only regret was that we did not have enough time to enjoy everything they offer. When we are in the area again, we would definitely stay there. Wonderful Stay, July We had such a good time at the Inn, there is so much to do everyone was so friendly and helpful. The Inn is a well keep mansion with beautiful grounds and pool, the lake is excellent for fishing. We will be going back. The room was clean and extremely comfortable. The pool is spotless and the activities, row boats, kayaks, bicycles all just waiting to be used. The Inn at Lake Joseph exceeded every expectation!! The room was spectacular. Although a bit cold in April we took out the kayaks on the beautiful lake. We also enjoyed a hike in their well marked trails. I would love to return with my family for a getaway. Perfect Getaway, June This is a jewel of a place with comfortable rooms, nice people and excellent breakfasts. The grounds are beautiful and available activities are many. Easy walk to a pristine lake. Bring your fishing rod. Ivan, the owner, tells good stories, so be sure to meet him. Wonderful place to stay, June Nice place, wish we had more time! Breakfast was fantastic, was even upgraded to a better room to fit our needs. They even catered to our vegetarian needs. Was able to cook my wife a beautiful dinner, had a great set up and dishes, pots and pans. Asked for chocolates and flowers to be there when we arrived! And they had it set up!! We needed the break from our reality! Every staff member was so accommodating and pleasant. The food is plentiful and good. There are trails to hike and a lovely lake to kayak. We got to feed a deer in the rear yard of the Inn. Although we had amazing stays in NYC and Miami, this inn was probably the most memorable part of the trip. Out on the lake we saw turtles, which we thought was very cool. Several times we saw deer just outside the inn. Other things we enjoyed were the jacuzzi in the room, the nice breakfast, and the super friendly staff. At breakfast we had nice conversations with the staff and the other guests. In the little kitchen area, there was always access to ice tea and coffee as well as bread, cheese, ham etc so that you could make sandwiches for lunch when needed. The inn had also just opened up their pool which was a nice touch on the warm days. Coming over from the UK, we enjoyed seeing this part of America. I recommend going into the nearby town of Monticello where we went to a cute diner on the main street with really nice American comfort food. On one of the days we also drove out to Bethel Woods to visit the Woodstock museum. Thanks to the innkeepers and the staff who made our stay really memorable. Matt was especially helpful and so nice! It was just the relaxed weekend I needed. Thanks to everyone at the inn, great time. Ivan and his family have thought of everything.
