I have been compelled to get the information that has been channeling through me about "First Waves" out to the world as soon as possible Through sheer will and resolve, I am overcoming their assaults and finding ways around and out of their traps. I stayed up all night in compliance to these orders to get this page written and posted. Here is a brief profile of what a First Wave Indigo is all about, and also some of the challenges they have had to overcome. Hopefully this information will be of benefit and give some relief to you gallant Indigos out there, who have been searching for answers as to why your world is so different, so challenging and in many cases These rocks, like First Wave Indigos, are not of this world. The Aulmauracite Rock, or "Stone Of Truth" can help stabilize, activate, and unscramble your information codes as you awaken to the truth of who you are and what your mission is here on planet earth. These children are making their statements loud and clear - I am here Pay attention to me! This is where things started taking form for the Indigo Ray Beings from another octave, same tones but a higher octave The ways of the lower octaves, though functional for the lower octave scale, just plain do not work for the higher octave beings, and the more you try to make them conform to the lower octave scale, the more resistance and frustration you get from both sides because The sad outcome of our inability to understand and cultivate the ultra intelligence of these Higher Octave Beings, is that they have been ridiculed, rejected, abandoned, outcast, and many of them became loners and recluses from time to time because there was no where to go but "inside. Our old outdated rigidity imbedded in this plane, with its heavily protected ignorance is now being abruptly transformed by those who embody the "Indigo Ray! That is why "authority figures" many times irritate and frustrate them. When these are in jeopardy, will give their "all" for their cause, and many times feel they would rather die than give-in to tyranny and deception. Would prefer sitting on the floor in school, and even business meetings if they could get away with it! If you read some of the poorly written correspondence from some of these First Wave Indigos, you would assume they were uneducated and nearly illiterate, but the truth is, that these same people can also be speed readers and can absorb information in seconds that would take others minutes to understand and retain. It is common for them to "Just Know" how to operate and trouble shoot with very little help from a book or an instructor. These skills manifest in: This is just a temporary fix though, and only adds to their challenges. In these venues they can "pretend to be someone else" when actually they are using this as an outlet to vent and express their own views and pent up emotions. It is also a place for "misfits" to find a place of refuge and "fit in. Many were born into family situations that were physically, emotionally, spiritually and psychically abusive. These Indigos had to figure out how to balance and keep their inherent integrity levels, while being subjected to painful and life shattering experiences. It is also common for First Wave Indigos to have some kind of Alien encounters. There seems to be a Dark Agenda on this planet to keep Indigos from waking up and taking on the mantle of power they have inside. That is why so many Indigos have been sucked into such harsh and debilitating environments. The dichotomy is, that Indigos innately know that in order to transform the corruption, pollution, and dysfunction on this planet, you have to go inside to the core or mind of the system to know how it operates and thus how to change, alter and bust that system. Indigos came here to bring order and balance back to a planet in chaos This can add to the pain and insanity in their lives. Shove-Ins can be removed and taken to their proper place through a session with Laura Lee and her Ghostbusting partner Ronnie. The Aurauralite Stone of truth is a must to have in your possession before a session. As a complimentary gift, the first 15 minutes for an Indigo Consultations are free.
