Description The latest novel from the 1 internationally best-selling author of *The Alchemist*. There is nothing wrong with anxiety. Or to drive away whatever is causing our fear. Anxiety was born in the very same moment as mankind. And since we will never be able to master it, we will have to learn to live with itâ€”just as we have learned to live with storms. He has summoned the townspeople to address their fears with truth: Joy will be replaced by grief. Peace will give way to war. None of us can know what tomorrow will hold, because each day has its good and its bad moments. So, when you ask your questions, forget about the troops outside and the fear inside. Our task is not to leave a record of what happened on this date for those who will inherit the Earth; history will take care of that. Therefore, we will speak about our daily lives, about the difficulties we have had to face. This eBook edition includes a Reading Group Guide. It is Jerusalem, the year , and as French soldiers prepare to invade, a group gathers around a trite sage known as the Copt. The topics broached are wide-ranging and somewhat random: If you are never alone, you cannot know yourself. And if you do not know yourself, you will begin to fear the void. But the void does not exist. A boy, worrying he may be useless, is told: Don t try to be useful. Try to be yourself; that is enough, and that makes all the difference. Another woman decides that the time is right to ask about elegance and is told that elegance is more about how one wears clothes than the clothes themselves. If Coelho is attempting parody, he has failed, this being both too long and too broad. The wisdom to be found here could be found in many other, better places.

## Chapter 2 : Manuscript Found in Accra by Paulo Coelho | [www.nxgvision.com](http://www.nxgvision.com)
