The Prophecies of Nostradamus: Nostradamus Prophecies Predictions of the Future for to A new video on Nostradamus prophecies and predictions for - Nostradamus prophecies predictions of the future for to Let us now consider prophecies of Nostradamus, the French prophet Michel de Nostredame of the s, that will shed light on our attempts at identifying the Antichrist. Nostradamus lived from to in France, and he wrote a book of prophecies consisting of ten sets or Centuries of quatrains. The prophetic quatrains have been studied and published continuously in the years since his death. They have often been accurate predictions of future world events. Could there be predictions of future world events in and after? The Nostradamus prophecies are in no particular order, which makes it very difficult to interpret them. Actually Nostradamus was born on Dec. On August 18, , there was an unusual alignment of planets in a Grand Cross shape, possibly the most unusual Astrological alignment seen in the last two thousand years. And one week before, on August 11, , there was a solar eclipse seen over Europe. And has upside-down, being the number of the Antichrist in Revelation The Grand Cross, which is one of the most amazing astrological alignments ever seen in history, consisted of: If Scorpio is considered to be the Eagle, and Aquarius the man, then we have the four beasts seen in Revelation 4 that sit at the throne in heaven, that have the faces of an eagle, a man, a lion, and a calf, in Revelation 4: And the first beast was like a lion, and the second beast like a calf, and the third beast had a face as a man, and the fourth beast was like a flying eagle. Some of the prophecies do have dates, including Century 10, Number I think the significance of Cassini passing by earth within a day of the Grand Cross pattern is that Cassini may be a hologram, a symbolic parallel event, related to the rise to power of the Antichrist in Russia as Vladimir Putin, President of Russia. Note that when Putin the Antichrist first rose to power in Russia in August , there was then a total solar eclipse over Europe. So possibly there may soon be significant events concerning Putin, the Antichrist, and possibly he may be the "Great King of Terror" mentioned by Nostradamus, and Mars ruling may mean war in years to come. Osama bin Laden is another character in Revelation, mentioned in Revelation 9: Note that Russian President Putin began his rise to power in Russia in August , at the time of the Cassini fly-by of earth, becoming Prime Minister for Yeltsin second-in-command in Russia on August 9, Also note that, the "great King of the Mongols" would be Genghis Khan. Genghis Khan conquered much of the known world around AD, including much of Russia, murdering millions. Also, note that another Khan is Dr. Khan and the Islamic Bomb. Iran will likely have the ABomb soon. And Iran has medium range missiles now to deliver the ABomb. Also, another fulfillment of this Nostradamus prophecy prophecies can have multiple fulfillments could be a comet or asteroid colliding with earth, so a King of Terror coming from the sky. The Bible Code matrices on this page indicate that an asteroid could collide with earth in the near future, breaking into 7 pieces, and causing a giant tidal wave. Century 1, Number 50 On June 17, 2 B. This could have been shortly after the time of birth of Christ, and could account for the Star of Bethlehem. The two brightest planets merging would certainly have been interpreted as an unusual event by Astrologers of that time, including possibly the Magi, the Three Wise Men, believed to be from Babylon where Astrology was greatly studied. The light of Jupiter would have been added to the light of Venus, increasing slightly its brightness. Venus is the morning star-- this term is used to describe Christ in Revelation We could also think of Venus, the female Goddess, as Mary; the joining of Jupiter and Venus would represent the birth of Christ. So, Jupiter was lit up brightly by being seen to merge with Venus in 2 B. From July 16 to 22, 23 pieces from a disintegrated Comet Shoemaker-Levy 9 collided with Jupiter, producing spectacular fireballs at collision. Satan is represented as a star falling from Heaven in Revelation 9: Both Christ and the Antichrist are described as bringing light to the world-- the increased light of Jupiter would symbolize this light. Were there any unusual astrological configurations, near the time of the comet collision with Jupiter? Yes, there was an unusual grouping of planets on August 31, There was then a Grand Water Trine, a very rare astrology configuration where planets were grouped in the three water signs, forming a triangular pattern. There was an alignment of 3 planets

Jupiter, Saturn, Mars in the three water signs Scorpio, Pisces, and Cancer, spaced exactly equally apart, all at nine degrees in these signs. Such trine patterns are considered to be very powerful in astrology, because the energies of the planets are then able to combine. To consider the importance of this Grand Water Trine pattern, let us consider this prophecy of Nostradamus, one of the prophecies which is usually interpreted to be about the coming of the Antichrist is Century 1 Number 66. Interpreting this prophecy, the aquatic triplicity could be interpreted as being the Grand Water Trine, of planets in the three water signs. So this connects this passage to Jupiter, and the Jupiter Comet collision. This, in fact, is exactly what the False Prophet of Revelation 13 is prophesied to do-- begin his own religion. Also, concerning Thor, in mythology Thor battles the world-encircling serpent in mythology, Jormungandr the Midgard serpent or world serpent, at Ragnarok, the battle at the end of the world. What could be the significance of August 31, ? On August 31, in history: And this sounds like a comet, bringing to mind the image of a comet hitting Jupiter. And on August 31, , Yeltsin was in Germany on that day, for the withdrawal of the last Russian soldier from Germany, and note that Putin was stationed in Germany before his rise to power in Russian politics. The Antichrist is part of an "unholy trinity" consisting of Satan, otherwise known as the devil or the dragon; and his two sons: It is explained elsewhere in Revelation that the 10 horns of the Antichrist are the 10 nations of the confederation of ten states that he rules: This sounds like Russia and the Commonwealth of Independent States, which does consist of slightly more than 10 states. Also, in Revelation Russia, of course, is associated with the color red. Interestingly, Russia is a Scorpio-- born November 7, , and Jupiter corresponding to the Antichrist was in Scorpio on August 31, I think the first beast and second beast may be referring to both individuals, and countries. Biblical symbols frequently have double and triple meanings-- at one level, the 2 beasts may be countries; at another level, they may be individuals. I think Russia is the first beast and China the dragon that the first beast gets power from, indicating a Russia-China military alliance. Also, another interpretation of this quatrain says that it is a prophecy of a hero coming from the U. The aquatic triplicity could be that the U. Perhaps this unknown man who may not have appeared yet from the U. Also see this page on a related Jean Dixon prophecy. Also note that another Grand Water Trine occurred on July 18 The July 18 Astrology pattern is a rare and very powerful Astrology pattern of a Grand Water Trine with 4 planets in a triangular pattern in water signs: A very powerful water energy pattern. And June 14 , another Grand Water Trine. Mercury also at 15 Cancer. Century 10, Number 66 "The head of London because of American influence, Scotland will be frozen, King Reb will be an Antichrist evil and unjust And there will be resulting conflict. So this could be saying that the "King of Russia", the Antichrist Putin, will result in conflict for the U. Frozen Scotland could be referring to cold weather then, or that Scotland is left out of having influence over this. Note that this quatrain is number 66 - and is the number of the Antichrist in Revelation Located on the France-Switzerland border, near Geneva, it is by far the most powerful particle accelerator ever built. Built to look for the Higgs particle, by colliding beams of protons, some scientists have expressed concern that a mini black hole or strangelet particle could be created, that could swallow the earth. CERN had been turned off for upgrading it in , and was turned on again in early at higher power. There has also been speculation that a wormhole in space-time could be created. But these Doomsday Machine stories have been scoffed at by physicists who say that if it were possible to create such particles on earth, then it would already have happened from even more powerful cosmic rays that pass through earth all the time. Or a strangelet particle could grow and eat earth. But perhaps creation of a black hole is a holographic parallel to the rise to power of the Antichrist in Russia. Concerning this Nostradamus quatrain, note that Geneva is mentioned, and the "contrary RAYPOZ" could be "contrary positive ray", where LHC uses a ray of protons, positive charged particles, truly a positive ray, and "contrary" refers to the collision of two proton beams. And it says the positive ray will exterminate everything, does that mean an earth swallowing black hole is created? Or some kind of giant nuclear explosion from a Black Hole or Strangelet particle that is created there? Also possibly related to this is Book of Revelation passage 6: In the Springtime of the year there is seen signs and great earthquakes. And there will also be then the offspring of the new Babylon, terrible daughter made larger by the first great disaster. This woman holds a cup in her hand "full of abominations" King James version. The seven heads are seven mountains, on which the woman sitteth. Century 5, Number 66 Bearn and Bigorre see chaos from fire from the sky. And men were

scorched with great heat And there was a giant solar flare on Oct. We will have to see if this indicates more giant solar flares to come in - , perhaps the sun is entering a period of increased solar activity. Century 3, Number This book is considered to be a predecessor to the idea of Communism. The River Dneiper is in Southern Russia.

April 6, As evening approaches Sleeping Bear Dunes National Lakeshore National Lakeshore , we are reminded of an easily overlooked resource found throughout the country, the night sky. At the National Lakeshore, this resource, located far from sources of urban light pollution, provides visitors an extraordinary opportunity to examine the night sky with an unhindered view of planets, galaxies, star clusters and other deep space objects. In , the National Lakeshore will be hosting a series of monthly astronomy programs that run from April through October. Park rangers and members of the Grand Traverse Astronomical Society GTAS will help you unravel some of the mysteries of the night sky as well as discover more about the daytime sky. The first Star Party will be held on Saturday, April 14, 9: The events will be cancelled for inclement weather or if the stars are not visible due to cloudy weather conditions. The decision to cancel will be made two hours in advance of the event; please call , ext. All programs offered by the National Lakeshore are free. Participants need only purchase the Park Entrance Pass or have an Annual Pass displayed in their vehicle to join in the fun. Passes may be purchased at the Philip A. Visitors are encouraged to bring a red filtered flashlight white light will spoil your night vision for the walk back to their cars. Visitors may also want to bring binoculars, beach chairs, blankets, bug spray and water. The events will take place at different locations throughout the National Lakeshore in order to take advantage of strategic viewing opportunities and to offer the very best experience to the visitors. There will be prospects for star-gazing, eclipses, meteor showers, solar viewing, storytelling, and more. Starry night skies and natural darkness are important components of the special places the National Park Service protects. National parks enclose some of the last remaining harbors of darkness in America and provide an excellent opportunity to experience this endangered resource firsthand. So visit the National Lakeshore and enjoy the following celestial summer events: Weather permitting, you might be able to catch a glimpse of the Orion Nebula after 9: Please park in the row furthest from the dunes with your headlights facing M Mars will make its appearance around Finish off your afternoon with a solar viewing and then come back after dinner for a Star Party treat. Observe the beautiful summer night sky constellations, Saturn, and possibly a few bright Perseid meteors. The Perseid meteor shower is one of the very best showers to observe and this evening will be the day before the peak.
