Is anyone checking this stuff? One long ad for Google? August 6, Christian Science Monitor article "Washington Post sale a sign respected brands will matter, even online" by Gloria Goodale August 8, Christian Science Monitor article "Cable wars: Give it a breast! January 19, , interviewed by Fred W. August 17, , Voice of Russia Radio, interviewed about flash mobs and democracy March 9, Joy Cardin, Wisconsin Public Radio, interview by Gene Purcell about new new media and political protest 30 mins , listen to podcast here New New Media Coverage of Gov. Levinson writes from his own experience, shares his own anecdotes, and delivers his theories based on his own first-hand evidence in a voice that is equal parts scholarly and conversational New New Media is an excellent resource for anyone wanting to learn about the current configuration of multimedia options. This is the missing textbook to the course that everyone is taking If there is a Luddite on your gift-giving list, New New Media would be an excellent choice. Those familiar with the new social media will have their assumptions challenged. Those unfamiliar with them will find the book to be a provocative introduction to the ways the newest forms of social media have been and could be used Wiggins, in Journal of Communications Media Studies, Fall New New Media is definitely a fine choice for media enthusiasts, students, professionals, or basically for anyone who would like to have a physical reference or starting point for the ever-expanding and regenerative field of media and communications. This is my first nonfiction book since Cellphone: New New Media looks at blogging, YouTube, Wikipedia, Digg, MySpace, Facebook, Twitter, podcasting, Second Life, iPhones, and other key examples of media in which consumers are producers, and the results are changing all aspects of our lives, from the way we watch television to how we chose our President. Expected publication date, 1 September Joan Walsh, Editor-in-Chief of Salon. Have we entered a glorious new era of media democracy, or are these innovations leveling standards of fairness and authority? Levinson remains an optimist without being blind to the dark side of change. Whether you want to learn to blog, podcast or Twitter yourself, or just keep track of the way such tools are remaking the world around you, the "New New Media" is an indispensable guide. The overviews are great for people who want to quickly get up-to-speed on the entire landscape or more experienced Web addicts who want to branch out, and the anecdotes and history will delight people who consider themselves old-timers. Corrected copy-edits of New New Media sent off to publisher! New New Media goes into second printing! Publication of new, revised
