Horowitz elaborated, "One of the fun things for us coming up with these stories is thinking of ways these different characters can interact in ways they never have before. After Fables fans raised controversy over possible appropriation, the show writers initially denied a link, but later said they may have "read a couple issues" of the comic book but while the two concepts are "in the same playground", they are "telling a different story. The Enchanted Forest is a realm within Fairy Tale Land, but the actual spread and scope of the realm is not known. However, they are later united during the Ogre Wars, which played a part in the formation of the War Council that is formed by Prince Charming and served as the catalysts in the backstories involving Rumpelstiltskin and the Evil Queen. Several independent kingdoms are implied by an array of different rulers. Most of the stories detailed their earlier lives before ascension to power and being influenced by their mentors through their upbringings. Meanwhile, Storybrooke serves as an isolated town separated from the rest of the Land Without Magic, where the cursed inhabitants are trapped by various forces. During the seventh season, the New Enchanted Forest [15] is shown as the main setting, alongside with Hyperion Heights, Seattle. The inhabitants are in-conflict with each other, most notably between Lady Tremaine, Cinderella, Drizella, a resistance led by Tiana, and the Coven of the Eight led by Mother Gothel. Most flashbacks shown are involving events happened before the original curse and before the latest curse that brought everyone to Hyperion Heights, where unlike Storybrooke, its cursed inhabitants are living among ordinary people.
