## Chapter 1 : Books similar to Paintball Blast

*Paintball Blast* by Jake Maddox is an interesting and suspenseful narrative about young Max, a well mannered friend and teammate of Tyler. All was well in the paintball world until Max and Ryan encounter new comer Ryan.

Nov 28, Banks rated it it was amazing Spoiler Alert!!!!!! This is an amazing book to read. This book is realistic fiction and this book tells us that if we cheat that it will not do you any better because you will later on get caught. Max Hauser is in the middle of a paintball game and he is running to the center station which is in the middle of the field and basically controls the field. On his way over there, there were paintballs shot at him so w Spoiler Alert!!!!!! When he looked through his scope to see if one of the two opponents was out there, he saw one guy has his back to Max so Max pulls the trigger and marks the guy. Max has played paintball for a couple of years and he knows when he is in trouble or not. When Max when back to the clubhouse he ran into his friend Tyler who played paintball with him. Tyler then basically told him that when the guy who marked Max when inside the clubhouse, the he was talking to the assistant manager and that where laughing and the assistant manager said " Did it work" and the tall guy said yes. Max was confused and wanted to figure this out so he walked up to the guy and congratulated the guy on the shot. They then told each other their names and the boys name was Ryan. The boy then told Max that he a rookie or a starter. He then told Max that he was lucky and just shot in that direction and hit him which was a one in a hundred shot. Ryan then brought up the challenge cup which is where you have to make your own paintball team and work your way to the top. He then knew that he had cheated but he just had to prove it. So Max got a couple of paintball friends to join him in the tournament. On the opening day, Max figured out that the only way to prove that Ryan was cheating was to beat him and figure out information. They flew by the competition but in the semi-finals, Ryan was trapped and there was three guys around him. As Max watched Ryan, he saw that when he shot one time three paintballs came out and that eliminated all of those guys. It also said that is only comes in yellow which is the color they used the whole entire time. The next day the last day of the tournament Max printed that out and put it on the managers desk. The match then came down to Max, Tyler, and Ryan. Max and Tyler made a plan and Max moved from down the right side and Ryan shot at him and missed which lead 3 paintball markers on the wall proving to the manager that Ryan was cheating but the game continued. When Max got to the other side he saw that there was a box of TripleBlast Three-Ball Paintballs there and he put those in his pocket to give to the manager. Right after than Max hid and Tyler ran in the middle of the field distracting Ryan which caused Ryan to shoot and give away his position. Right then Max saw him and marked Ryan to win the tournament. This was a great book. One thing that I really like is the fact that it provides things you can use in life like not cheating and if you cheat it will get you nowhere. I also liked when the manager told him that Ryan was not cheating but then later on he found out that Ryan was cheating. I liked it because it taught me a great lesson and it was short but very good. This is great and the author writes some great books. One connection I can make is that many people in this world cheat on test and things like that and end up getting caught kind of like Ryan. This is an amazing book and if I was you I was get this book. I am giving this a 4 and a half star rating because it was short and sweet but they could have added a little more drama like Ryan wins but ends up getting the trophy taken away or something like that. But, other than that it is an amazing book and I would want you guys to read it.
