Enjoyment 5 I remember the first time I read this manga, I was about 10 years old. I thought it was brilliant and hilarious, and loved every panel of it. But after reading it now, I can see so many flaws in not only the storyline, but also the characters. The story itself is a unique idea, but is poorly executed. Most of the chapters consist of Momo complaining about how people view her as a slut and isolate her because of her tan skin. Not only is this highly unrealistic, but brought to the utmost extreme. Let me explain what I mean. It was as if every single character in this manga was a complete idiot. Basically the plot consists of her doing everything possible to Momo. Even going as far as to have someone rape her. Which brings me back to the plot being unrealistic, with millions of plot holes. Not only is the extent that Sae goes to unrealistic, but how the characters react to it are unrealistic too. The whole entire time Momo acts like a complete idiot. She continues to do nothing about what Sae, even when Sae was blackmailing her. The whole entire time, she could have reported Sae. But no, instead, Momo continues to complain about how much her life sucks. What does she have against Momo? Instead of answering these questions, the writer decides to just throw more unrealistic dilemmas at us to keep the story going. The only interesting character in this show, who shows the most character development. Not to mention, he gives the manga some comedy. While all of the characters in this manga seem to be idiots who lack common sense, by far the most boring and painful character to see He has absolutely no personality. It was honestly just plain painful reading his dialogue. He makes everything needlessly dramatic, instead of taking the smart way out. To be honest, it is an interesting read, I admit that I somewhat enjoyed it for some of the chapters. But the whole series of basically just Momo switching back and forth from Kazuya and Kairi. It not only lacks common sense, but also any real development. As for the art, it was nothing special.
