

Chapter 1 : Review: Rock Redemption by Nalini Singh – Book Binge

The Redemption Series Book 1 There are secrets in the shadows Following devastating news, Dayton Blainey and her sister are sent to live with an insane aunt in a strange place full of shadows and secrets.

They are a crazy bunch that keeps me laughing, but they are also strong and supportive. This one went deeper, pulling my heartstrings and touching my emotions. And then he walked away from their love and broke both of their hearts You need to fall so you can learn how to get up again. They have lots of rules and some silly names, but they are amazing people that I enjoy spending time with. The line forms here Zack responds with a satisfied grunt. Survival of the species and that sort of thing. Free will and that sort of thing. I watched his body change from boyhood through his gangly teen years and then fill out when he reached his early twenties. He was ripped back then in a way that made heads turn, but his muscles now are thick and hard, ripened by age and hundreds of fights. When I last saw him, there was still some boy left in the way he held himself, a slight unease with his body. But now, he is all confidence and power. Zack grabs my hand and presses it against his bare chest, right over his heart. His mouth claims mine, stealing my breath away with a kiss that sends a scorching wave of heat through my veins. Zack covers my hand with his, trapping it against my cheek. His naughty hand skims the side of my face, his thumb stroking over the apple of my cheek as he tips my head back, forcing me to look at him. You know exactly what professional means. His mouth crushes mine, and his tongue slides between my lips, touching, tasting, claiming. I startle at the urgency of his kiss, the raw heat, the fierce desire. Blood pounds in my temples, my hunger for him raw and wild. My hand slides up his chest and over his shoulder. I pull him closer, my fingers clutching the soft, silken strands of his hair. My heart pounds in my chest, and the world shatters around me. A recovering lawyer with a fondness for dirty-talking alpha males, she now is a full-time writer, who lives on Vancouver Island.

Chapter 2 : Redemption (Redemption Series, Book 1) | Open Library

Romancing Redemption book 1 of the Redemption Series is the first book I have read of Bonnie R. Paulson and I will definitely read more! We are introduced to Rosie and her sister Sara Beth who work for Madam at her ranch, which is a bordello that their outlaw father owns.

This is book two in the Redemption series. You must read book one, Commitment, first. I also highly recommend reading the prequel, Promise, because it adds a lot to the series. At the beginning of the book I struggled to root for Brooklyn to be with either Wes or Drew. There was always the promise of something great between either couple but there were so many obstacles in the way. I just got tired of the back and forth. Should she be w This review is for an ARC and is my unbiased, honest opinion. Should she be with Wes or should she be with Drew? When I started reading the book, I felt like the trust would never be there with Drew for Brooklyn. She would never fully be able to move on from their past. I just think that when you have people like Brooklyn in your life, people who give all of themselves fully, you start to take them for granted. You forget that they need the same love and dedication in return. He cared for Brooklyn deeply but forgot to continue showing her how he felt. He forgot to continually be there for her, to be the one to hold her up and not just be the one always being lifted up. Wes had his ups and downs as well. While he was consistent in his feelings for Brooklyn, he also had other priorities in his life. I did think Wes was a great man and he deserved happiness too. I think he also took Brooklyn for granted at times. The second half of this book blew my mind. This book brought me to tears on more than one occasion. The speech one of the guys makes at the end was EPIC. Everyone deserves a second chance, but not for the same mistake. At least according to Brooklyn Tanner. What has she received in return? Can she put herself through that again? Or was their fate sealed all those years ago when Drew had no choice but to betray her? This is the conclusion to the Redemption Duet from T. You need to read the first book Commitment first before trying to read Redemption. I have loved every single second of this duet. I love both Drew and Brooklyn. He just wants her to give him a second chance. This a story about friendship, love, promises that you make and a lifetime connection that is never going to go away. I do not want to say to much and give anything away. I went into this book not looking at the description of it. This is a series from T. Leigh that you do not want to miss.

Chapter 3 : Redemption by T.K. Leigh on Apple Books

Redemption is the first book in the five-book Redemption series about the Baxter family—their fears and desires, their strengths and weaknesses, their losses and victories. Each book explores key relationship themes as well as the larger theme of redemption, both in characters' spiritual lives and in their relationships.

Oct 16, Nicole Storey rated it it was ok I am so glad this book was free. The plot is interesting, but the author ruins it by thinking her readers have the I. The main character, Dayton, drove me insane. She is too dramatic, even for a teenager. I wish I had a dollar for I am so glad this book was free. I wish I had a dollar for every question she asked in the book. She questions either another character or herself almost every paragraph. The internal dialog was enough to make me want to jump off a bridge. This book was mostly the same information over and over with slight variations. I knew when Marcas stepped onto the scene that he would be in love with Dayton and trying to fight his feelings and she, like almost every other YA book, would fall in love with him. Frankly, I would not have minded if every character died in an explosion or something. Their lives are strict and structured, and the only way that Dayton knows how to break the monotony is to get into trouble. With a foul mouth and a taste for recklessness, the teenaged Dayton consistently bucks the rules, along with her two best friends Connor and Monroe. She finds out that she is a Naphilim, the product of a union between an angel her father and a human her mother. She becomes immersed in a world where the line is blurred between good and evil, and angels and demons are preparing for war. An evil demon, Damon has bound Dayton to his demon brother Marcas in hopes that they will create a child. The blood of this child, half demon and half Naphilim, will bring the demonic forces redemption or so Damon hopes. On a quest to unbind themselves from each other, Dayton and Marcas set out along with her friends on a thrilling ride. Dayton will learn to use her angelic powers and finds that demons may all not be as evil as we first thought. What I liked about this book: This type of story has been told before but never with the precision and thought that R. It felt new and fresh, and that is something that is hard to do in the overdone Paranormal genre. I felt like it took a bit of time for it to get to the point of explaining what was going on. You are almost halfway through the book before the hidden secret finally comes out. This is YA young adult , so there are no love scenes. However, there are some very heated moments and some very sweet ones as well see review below or details. When I read the description of this book I thought, hmmm this sounds interesting. At first the love story in this book seems pretty basic and typical. Dayton is unsure about her own feelings, even though she loves Connor as a friend. There are alot of covert gazes, a little bit of touching and one very sweet kiss. When you first read that Marcas is a demon, you could never guess that he would become the third corner of a very complicated triangle placing Dayton between him and golden-boy Connor. Dark and brooding, as all good romantic heroes are, Marcas is not as evil as he first lets on. I found myself actually hoping that Dayton ended up with Marcas! And that is one of the things I loved most about this book. Ryals caused me to have sympathy for the devil. To sum it all up: The book ends in an epic battle between a religious order called the SOS and the demons, who want Dayton dead. By the end, Marcas and Dayton are off to find a special ring that they hope has the power to unbind them from each other. There will come a time when they will tire out like vampires, but Ryals, with this amazing new series, has managed to create something different, spicy, and new, all while building on the same idea. I was horrifically disappoinete Angels and Demons have become something of a new phenomenon this year and I find that when an author is daring enough to take similar concepts and twist them into their own tales, they really have to know where they want to go with the story in order to execute it well. I was horrifically disappointed that I finished Redemption so fast—actually, there was a point when I realized I was no longer reading, but consuming. I think that by now my love for bad-ass heroines have been elaborated enough. Dayton Blainey is my first and I honestly cannot get enough of her. She makes the story so much more enjoyable and believable. But she surprised me, as well as Ryals. I actually learned a few things or two from R. Ryals just seemed so intent on telling her story her own way that everything just fell into place after that. Yet again, it made me look at writing in a new perspective. And any author who can make me second guess myself deserves my acclaim.

Chapter 4 : Redemption (Redemption Series-Baxter 1 | eBay

"Redemption" is the first book in the five-book Redemption series that Gary and Karen will write about the Baxter family-their fears and desires, their strengths and weaknesses, their losses and victories.

Goodreads Kit Devigny could have loved rock guitarist Noah St. Their friendship burned with the promise of intense passion and searing tendernessâ€until the night Noah deliberately shattered her heart. All he has left is his music. Only the illusion is suddenly too real, too painful, too beautifulâ€and it may be too late for the redemption of Noah St. This book made me extremely emotional. I can honestly say that I was not expecting that at all. She did actually turn out to be my favorite heroine in the Rock Kiss series. I just adored her. I adored her devotion to Noah, how she was down-to-earth, and how loyal she was to her friends. She was well on her way to becoming an A-list actress, but she still stayed true to who she was at her core. Kit had something special with Noah St. Or so she thought. Then she found him in bed with someone else. What she sees slays her. Noah is drunk and has a syringe ready to inject into his veins. In the time that has gone by since Noah staged the scene for Kit to walk in on him and a random groupie, Noah has realized how vital Kit is to his life. He wants a second chance with her. Noah has a deep, dark secret in his past that he will never, ever tell Kit. The title of this book is so spot on. There are things in his past that are not his fault. It takes time, but Kit gets through to Noah as only she can. These two together were goals. They were just made for each other. But they had a long, rocky road to get to happiness. Seeing their happy ending made everything worth it. I loved these two.

Chapter 5 : Strong Hold (Redemption, #5) by Sarah Castille - iScream Books Blog

The Paperback of the Redemption (Redemption Series #1) by R. K. Ryals at Barnes & Noble. By mid book 1 I was completely hooked and read the rest of the series in.

Description Everyone deserves a second chance, but not for the same mistake. At least according to Brooklyn Tanner. What has she received in return? Can she put herself through that again? Or was their fate sealed all those years ago when Drew had no choice but to betray her? Redemption is the highly-anticipated conclusion to T. Will Brooklyn follow her heart? And will she finally learn the truth or what happened all those years ago? Recommended for mature readers. Fantastic ending to this duet!!! What a ride this story was!!! It drew me in from the start, picking up right where Commitment left off. There were twists and turns, ups and downs, forgiveness, and healing throughout the entire story. Drew and Brooklyn were great together. An amazing story I would definitely recommend one clicking!! I fell in love with every character when I first read Writing Mister Right. Being able to re-visit these characters again felt like home. Redemption is the perfect name for this book on so many levels. The two main characters redeem themselves in various ways. Leigh is known for throwing us emotional curveballs in her books and there are a lot of them in Redemption. This book was everything and more. Emotional, angsty, sadness, and joy. Above all, it was the perfect ending to the most perfect series. I do hope we meet these characters again in the future. Brooklyn and Andrew get all the chances! Waiting to find out which way Brooklyn went in her car was torture! Was she heading toward Drew, or heading back to Wes? Is Drew ever going to get a break? He just wants to raise his little girls, and an incredible job opportunity has landed in his lap. The icing on this cake would be to have Brooklyn by his side for it all. But when they are together, there is no spark there. It is always rough for me to read about a love triangle. Then I want the author to write a book for that person and make sure they get their happy ending too. If you are looking for a book that is full of emotion, this one is perfect for you. It runs the gamut of every emotion you can think of: Other Books in This Series 0.

Chapter 6 : Redemption (Redemption Series, Book 1) (April 20, edition) | Open Library

Read "Redemption (Redemption Series Book 1)" by R.K. Ryals with Rakuten Kobo. "The Time has come when He will come looking. She is ready. I have faith in her. She is her father's daughter.

All sleek muscle and restrained power, the man they call Torment plays to win at any cost. He always knows just how far he can push. Makayla Delaney has really never done anything the easy way. Max Huntington aka Torment is the hottest and the hardest of the men assembled. He is wealthy beyond reason, the owner of Redemption and a lot of other stuff, he has a passion for controlled violence, he has an iron will and, as of the moment he sees her, a desire to possess Makayla Delaney. Though she is so far removed from his usual flavor of high society arm candy, Makayla is intriguing and Max knows instantly that he has found someone special. Max is a violent though by no means cruel man who loves to fight and be in control at all times. Thanks to her background, Makayla has no stomach for violence and giving up control to anyone, and most especially a man, scares the Hell out of her. Makayla is drawn to Max like no other man before and though she is often slightly unnerved by his need for control she wants to be with him. Sensing his wild girl wants to try and experience more than she ever has before, Max pushes her in every way possible, including in the bedroom. Max is as fearsome in the bedroom as he is in the ring and he is constantly asking Makayla to go above and beyond her comfort zone. Though he sees signs of distress, Makayla assures Max that everything is alright and that she trusts him. Holy Hell is this book HOT!!! Against the Ropes has it all: This is truly a story of opposites attract and I was drawn to both characters equally from the very beginning. Though Max enjoys violence he is in no way cruel and is, in fact a very caring man with a heightened need to protect those he loves and, a troubled past of his own. That is, after she pushes him away a few times. The naughty bits are just the right level of kink for me and plentiful, to say the least. The sex never overshadows the plot or the characters but fits in perfectly and mimics the strong desires of both lead characters. Max and Makayla are a power couple in every sense of the word and a great foundation for the Redemption series. New York Times and USA Today Bestselling author, Sarah Castille, writes contemporary erotic romance and romantic suspense featuring blazingly hot alpha heroes and the women who tame them. A recovering lawyer and caffeine addict, she worked and traveled abroad before trading her briefcase and stilettos for a handful of magic beans and a home near the Canadian Rockies.

Chapter 7 : Redemption (Redemption, #1) by R.K. Ryals

Redemption has 2, ratings and reviews. Jodie said: So I picked up this book for free on Amazon, but I wasn't completely sure I knew what to expect.

Chapter 8 : Review: Against the Ropes (Book #1: Redemption Series) by Sarah Castille – rololobookb

This is book two in the Redemption series. You must read book one, Commitment, first. I also highly recommend reading the prequel, Promise, because it adds a lot to the series.

Chapter 9 : Redemption (Redemption Series-Baxter 1, Book 1) by Karen Kingsbury | LibraryThing

Kari Baxter Jacobs is furious, hurt, and confused. Her husband Tim, a respected professor of journalism, is having an affair with a student. Stunned, Kari returns home to the Baxter family to sort things out. But when an old flame shows up, she is more confused than ever. How can Kari forgive her.
