Secrets and Shadows takes us deeper into Jessie and Pietr's worlds. Jessie is a believable main character, and I can relate with her reactions, emotions and decisions. Pietr is still desirable but ever so frustrating.

SECRETS AND SHADOWS, the second book of the *13 to life* series picks up right where the first book leaves off. Jess is trying to deal with all that she has recently learned about the Russian boy she loves and his family.

You get a Private Message from a fellow author up in Canada. But life can get weirder. Sometimes the opportunity to take over that e-novella line SHINE becomes the opportunity to buy the entire company. And sometimes, because life is so weird, it all happens amazingly fast. Judith saw my Facebook post and we struck up a conversation. We decided to take on a line together. Then we brought on Jen Murgia. We want to focus on using our strengths to the benefit of the house. In addition we have talented editors, cover designers, and marketing assistants backing our efforts. Together we are building a team that will take LEAP to the next level. Yet even the fiercely regulated New World--with its ranks and emphasis on decorum--cannot staunch the power that wells up in certain people, influencing the weather and calling down storms. Jordan Astraea hails from a flawless background with no taint of magick, but on her seventeenth birthday she is accused of summoning an unscheduled storm. Taken from her family, Jordan is destined to be enslaved on an airship. But breaking Jordan may prove to be the very thing her carefully constructed society cannot weather. And losing Jordan forever may force her beau, Rowen, to be the hero he would have never otherwise dared become. Prepare to be shocked! Welcome to my little corner of the world wide web! I like to believe I brought an American twist to the Japanese cellphone novel concept. My serial novel was a short, consumable read with a rebellious heart and layers of subtext. Unlike typical Asian cellphone novels written by young women in a semi-autobiographical fashion-- 13 TO LIFE is their energetic and dangerous teenage American cousin. What started as a simple cellphone novel at Textnovel.

Secrets and Shadows 13 to Life 2 Author: Sharp sidewalks and carefully clipped lawns hem in the town houses and flank the expected allotment of single homes. But things are not always as they seem, and people are seldom only what their neighbors expect. In one such innocuous yard a man naturally inclined to an animal grace staggers. Even so young a father, his life is nearly over. Not because of the poor choices he made as a younger man—choices that caused his wife to give their children her name rather than his—but because regardless of how normal the setting seems, Andrei is far from the norm. He sways by the picket fence, the traditional American symbol for happiness, success—the elusive American dream. But to him, even pretty fences make a common cage. Slender and lithe as their daughter Catherine but with heavy highlights of red streaking her rich brown hair like coppery lightning, Tatiana tilts her head, nostrils flaring in question. Her eyebrows draw together, and she circles him. He shakes it off like a dog throwing off the rain. With its very existence the animal that skitters and claws beneath her human skin calls to some men, entices and ensnares their weaker senses. The door of the blue Cape Cod opens and the man steps out, waving boldly at her. The smile stretching his lips does nothing to mask his unwanted attentions. The sun slips away, leaving a bloody smear across the southern mountaintops. These are the dangerous hours, when the skin feels loosest on the wolf within and the beast in the human-seeming breast grows more anxious to burst free. Instead he stands there. Spreads his legs in a fighting stance. The sound is nothing compared to the noise tearing out of Andrei. A growl, a slur—language matters little when actions speak louder than words. She thrusts her son from her side, and the curtain falls back across the window. There will be no retreat. Tatiana pushes between the men, grunting with exertion. Lights flash, coloring the dimming neighborhood quickly falling into dusk with red, white, and blue as a siren wails its way down the normally quiet suburban street. He throws the man across his shoulder and lopes around the house, into the tree-filled backyard and the shadows that threaten to solidify beyond. With a glance toward the street, Tatiana sets her jaw and follows her husband, disappearing into the growing darkness. A swarm of uniformed officers mount the porch stairs, as one unmarked SUV slips silently past the house, daring to scatter the darkness with its piercing headlights. Unable to be much help, the twins are more than a year outside their first full change. Pacing, Alexi refuses to change and go. Begging until her voice is nothing but a reedy whine, Catherine sobs; her tears smear the glass, and the world outside seems to ripple. Pietr pulls her away, silently wrapping her in his arms. The one Rusakova—the one wolf—able to help is missing. Spending one more night in the arms of anonymous girls, Max is living his short life as fast as he can. In the woods not far from the backyard stands the tragic threesome. Tatiana, shaken by frustration into her ruddy wolfskin, circles the rivals for her attention, growling. Andrei releases the man, speaking to the worried wolf in a most guttural Russian. His words impeded by long and pointed teeth, he searches for an explanation, some justification. Distraught, he wavers as his metabolism—his canine bits—burns through the drug or drink that had such a hold on him. Their neighbor looks around, contemplates escape. His jeans soiled from something fouler than the tears streaking his frightened face, he watches the werewolves warily. All eyes suddenly focus on something—someone—shrouded in the shadows. A sliver of moonlight shimmers across the barrel of a gun swinging into view, giving directions. Tatiana obeys, the wolf stalking to the side. But obedience is too much for Andrei and he lunges, completing his transformation in midair.

Once I found time, I flew through it yay for road trips! This book was more about character development and setting up the relationships between the characters. I really enjoyed the way Shannon Delany did that. Jess is just getting over the loss of her mother, and trying to stabilize her life with school and chores on the farm. The last thing she needs and wants is to be showing the new boy around school and having him intrude in her life and change everything. Change is the last thing she needs. Pietr is very mysterious and Russian and sexy. Besides, one of her best friends, Sarah, is really interested in Pietr, so she does her best to back off. I loved seeing the relationship grow between Jess and Pietr. They have that undeniable attraction to one another that they well, Jess try to ignore. Since they are trying to avoid a romantic relationship, they instead become really close friends, the kind that are always there for you when you need them. But Shannon gave me a different outlook, where the characters were made out to be just really good friends, but with that forbidden romance. It was really fun to read. Having written the book this way, Shannon gives us a chance to see the backstories of the characters. It made me tear up a bit and I could feel my heart hurting. It definitely makes them closer, better friends, in my opinion. The secondary characters were all really great, too. Jess tries to fool herself and Amy smacks her in the face with a big pile of reality. They have an awesome relationship. Overall, I love the way Shannon outlined her story by really developing the characters and their relationships. Allowing us to see into their pasts gives us a better outlook on the characters themselves and why they act the way they do. Everything climaxed perfectly in the end and it was very suspenseful. Because I felt like I knew Jess so personally, I worried about her a lot in those last few chapters. Shannon left 13 to Life on a cliffhanger, which makes me really want to read the next one. Thankfully, Secrets and Shadows just came out last week, so I can go pick up a copy this week! It was just a new student, helpful had no choice current student show-him-around deal. That went down the drain in less that a week with not much help from dark, foreign, tall, all-too-handsome, get-lost-in-his-eyes Pietr. Not even if the boy Jess falls in love with is absolutely, undeniably a werewolf who has more dangerous secrets than just his paws. Close X Follow us.
