This article explores the spiritual side of Angelina Jolie and her thoughts on God, religion, and her purpose in life. A Search For Meaning: Her parents, actor Jon Voight and actress Marcheline Bertrand, divorced when she was a year old, after which she had a strained relationship with her father. The same year, Voight won an Oscar for *Coming Home*. Jolie and her family moved back to Los Angeles ten years later. Jolie attended the Lee Strasberg Theatre Institute from the age of 11 to 13, appearing in several stage productions. Later she attended Beverly Hills High School, where she was shunned due to her comparatively poor clothes and odd looks. Although she had been a joyful child, Jolie became a troubled and intense young woman. She has openly spoken of her teenage self-loathing, which led to cutting herself with knives, early and intense sexual experience her boyfriend moved in with her at 15 , her fascination with death she planned a career as a funeral director in her teens , thoughts of suicide, and undefined feelings of frustration. Looking back on this period in , she explained: I used to think I was unstable, because I had this thirst for something. I could never figure out what it was. And, I always saw myself, wherever I was in life, staring out the window. She moved into an apartment near home and went back to the theatre. She appeared in several student films directed by her brother James Haven and soon also became a model, working in Los Angeles, New York and London and appearing in music videos. She landed her first film role in , playing a seductive half-robot in *Cyborg 2*. On March 28, she married Miller wearing black leather pants and a white shirt painted with his name in her blood. She received both a Golden Globe and an Emmy nomination. Especially after the emotional depth of the latter part, she became deeply troubled again. She and Miller divorced on February 3, , and she lived alone in New York for a time trying to figure herself out and attending film classes at NYU. In *Girl, Interrupted* , she played a an institutionalized sociopath who was overtly sexual, charismatically attractive, self-destructive, cruelly honest, and always yearning to really feel something. She won a Best Actress Oscar for her performance. The two fell in love offscreen and married in Las Vegas on May 5, . And why do you wear this? Which says to you what? Which means what to you? Which is beautiful to me, you know? Some people like diamonds around their necks or things like that. In the same interview, she said: Putting her experience in general terms, she described the key to happiness this way: Love one person, take care of them until you die. You know, raise kids. Have a good life. Be a good friend. And try to be completely who you are. And figure out what you personally love. Around this time, Jolie also became involved in the plight of refugees, inspired in large part by her time in Cambodia filming *Lara Croft: Tomb Raider* and the humanitarian-themed film *Beyond Borders*. Jolie became a Goodwill Ambassador for the United Nations High Commission for Refugees in , and since then has frequently traveled to remote countries to draw attention to the plight of refugees. Like many new parents, she has said that the experience has dramatically changed her life: That makes me feel like I somehow have a purpose. Jolie and Thornton divorced on May 27, , and Jolie has sole custody of Maddox. Also in , she published *Notes from My Travels*, a collection of journal entries chronicling her early work with the UN. *Mr. & Mrs. Smith*, costarring Brad Pitt. During filming, she became the center of a major Hollywood scandal in which she was accused of having an affair with Brad Pitt and breaking up his marriage to actress Jennifer Aniston. Jolie has adamantly denied these claims, insisting, "To be intimate with a married man, when my own father cheated on my mother, is not something I could forgive. I could not look at myself in the morning, if I did that. And my life will go on, and I need to focus on my life. I know I am. But the couple were spotted together soon after his separation and continue to be in a serious relationship. No declarations of passion or red-carpet groping this time, though: Angelina rarely speaks of her relationship with him and the two still tend to avoid contact in public appearances. However, Pitt was present when Angelina adopted her second child from Ethiopia, Zahara Marley Jolie, and he legally adopted both her children on January 19, . Maddox and Zahara

have since had the legal surname Jolie-Pitt. On May 27, , Jolie and Pitt became biological parents for the first time with the birth of a daughter named Shiloh Nouvel Jolie-Pitt. Brad Pitt has also expressed a strong interest in humanitarian work since meeting Angelina. Since their relationship began, he has journeyed to Africa alone on a humanitarian trip, built houses for victims of Hurricane Katrina, and accompanied Angelina to Pakistan and a variety of other needy areas. While based in Pune, India, for the filming, the couple and their children traveled throughout the country and Southeast Asia. They spent Thanksgiving in Ho Chi Minh City, Vietnam, where they toured the town on a scooter, visited an orphanage, and dined in a former temple. This may become a family tradition - the previous Thanksgiving was spent aiding earthquake victims in Pakistan. The subject of religion has not often come up in her interviews, so her beliefs about such things as God and the afterlife are not well documented. The most direct statement Jolie is known to have made on the subject was reported by the website A. Club associated with the online magazine The Onion , which asked a number of celebrities the question, "Is there a God? Angelina Jolie gave the following answer: I hope so, for them. For the people who believe in it, I hope so. She has said, "We spend a lot of time [at our house in Cambodia]. In fact, she seems to take a United-Nations inspired approach to her family, and perhaps, to her religion. Having first found happiness in acting, and then in her marriage to Billy Bob, Angelina Jolie now finds meaning and contentment in her children and her ongoing work with refugees. Have you learned any important lessons since you became an ambassador, and if so what are they? I see different aid workers in camps helping each other from everywhere - people who have come together from all over the world to help people in Africa. I care now that my son is healthy. When I found I could be useful in communicating what I had learned and maybe inspire other people to educate themselves and do some good, it made me so happy and gave me a sense of purpose. I spend as much time as I can in a day trying to educate myself and travel whenever I possibly can.

Early work Jolie committed to acting professionally at the age of 16, but initially found it difficult to pass auditions, often being told that her demeanor was "too dark. Jolie is fierce in her portrayal—filling the part with nerve, charm, and desperation—and her role in this film is quite possibly the most beautiful train wreck ever filmed. She also won her first Screen Actors Guild Award. While shooting Gia, she told her husband, Jonny Lee Miller, that she would not be able to phone him: Terry Lawson of the Detroit Free Press concluded, "Jolie, while always delicious to look at, is simply and woefully miscast. Mainstream recognition Although highly regarded for her acting abilities, Jolie had rarely found films that appealed to a wide audience, but Lara Croft: Tomb Raider made her an international superstar. An adaptation of the popular Tomb Raider videogames, the film required her to learn an English accent and undergo extensive martial arts training to play the archaeologist-adventurer Lara Croft. Jolie at the Cologne premiere of Alexander in December Jolie next starred opposite Antonio Banderas as his mail-order bride in Original Sin, the first of a string of films that were poorly received by critics and audiences alike. Her next film was Beyond Borders, in which she portrayed a socialite who joins an aid worker played by Clive Owen. Though unsuccessful with audiences, the film stands as the first of several passion projects Jolie has made to bring attention to humanitarian causes. She first starred in the thriller Taking Lives as an FBI profiler summoned to help Montreal law enforcement hunt down a serial killer. The film received mixed reviews; The Hollywood Reporter critic Kirk Honeycutt concluded, "Jolie plays a role that definitely feels like something she has already done, but she does add an unmistakable dash of excitement and glamour. Commercial success In, Jolie returned to major box office success with the action-comedy Mr. Smith, in which she starred opposite Brad Pitt as a bored married couple who find out that they are both secret assassins. Although the biracial Pearl had personally chosen Jolie for the role, [57] the casting drew racial criticism and accusations of blackface. Chicago Tribune critic Michael Phillips noted, "Jolie really shines in the calm before the storm, the scenes when one patronizing male authority figure after another belittles her at their peril. Jolie also voiced the DreamWorks animation Kung Fu Panda, the first work in a major family franchise, later reprising her voice role in the sequels Kung Fu Panda 2 and Kung Fu Panda 3. Originally written as a male character with Tom Cruise attached to star, agent Salt underwent a gender change after a Columbia Pictures executive suggested Jolie for the role. Professional expansion Jolie at the Cannes Film Festival After directing the documentary A Place in Time, which was distributed through the National Education Association, [72] Jolie made her feature directorial debut with In the Land of Blood and Honey, a love story between a Serb soldier and a Bosniak prisoner, set during the 1995 Bosnian War. She also served as producer under her Jolie Pas banner. Critics, however, dismissed it as a "vanity project," as part of an overall poor reception. But peeling back layer upon layer of exquisite ennui reveals nothing but emptiness, sprinkled with stilted sentiments. Intended primarily for a Cambodian audience, the film was produced directly for Netflix, which allowed for the use of an exclusively Khmer cast and script. I honestly want to help.
