After splitting their next ten games the Bills needed a win over the 49ers in San Francisco to claim their first Division Title in 15 years with a record. However, the magic would be over quickly as the Bills were zapped by the Chargers in the Divisional Playoffs at San Diego. Led by Quarterback Joe Ferguson who passes for 3, yards the Bills find themselves on the verge of another Division Title facing the Dolphins in Miami with first place on the line in the season finale. However, the old Miami curse would strike again as the Bills fell. Despite the loss the Bills still qualified for a Wild Card spot with a record. However, a week later the Bills would fall short in another high scoring game to the Bengals in the Divisional Playoffs at Cincinnati. However, the Bills would fold down the stretch losing four of their last five games to finish with a record. The Bills never could get it going, as they started the season with a miserable game losing streak. However, the struggles would continue as the Bills went on to finish with an awful record. However, the Bills would stumble out of the gate again losing their first four games before Coach Kay Stephenson is fired, and replaced by assistant Hank Bullough. Under Bullough the Bills would not fair much better winning just two games again while posting a record for the second year in a row. However, clinching early would have a negative effect as the Bills lost three of their final four games to finish with a record, losing Home Field Advantage. In the Divisional Playoffs the Bills defeated the Houston Oilers in the first playoff game in Buffalo in 23 years. The Bills seemed to underachieve all year as they had a mediocre record going into their

final game against the Jets at the Meadowlands. However, by beating the Jets the Bills were able to claim their second straight Division Title with a record. However, their season would end quickly with a loss to the Browns in a Divisional Playoff shoot out in Cleveland. However, lessons would be learned from the game as the Bills found a new rhythm when they ran a no huddle offense. Using the No Huddle Offense fulltime the Bills get off to a terrific start winning nine of their first ten games. The Bills could strike quickly, and in bunches this was demonstrated in back-to-back home wins early in the season. First on September 30th the Bills scored three Touchdowns in 77 seconds in a win over the Denver Broncos, then a week later they used a point 4th Quarter to stun the Los Angeles Raiders. Comment The Buffalo Bills are already in and face a tough opponent on Sunday. Is the season already on the line in Week 5? The Buffalo Bills never dropped below the. That is obviously not the case this year. The Bills enter Week 5 with a record of and all three of those losses have not been close games. Then there was the win, which was also not a close game. What a weird season so far. That win was a positive but dropping to would likely end any hopes of a Bills playoff berth in Those hopes may already be nearly nonexistent. Or even legitimate playoff contenders for that matter. However, it is still better for the games to have meaning. Otherwise, it feels more like a Sunday chore. Having a record of leaves the possibility of a playoff berth alive. A win over a tough Tennessee Titans team would also make this team believe that they can compete with just about anyone. That should be the belief in every game, but sometimes it is simply not realistic. Losses always come with the territory when it comes to tanking. But sometimes things go too far. Just look at the Cleveland Browns. The team, or rather the front office, purposely tanked and that led to a record over two years. The GM was then fired and his replacement brought in nearly an entire new team. So much for sticking with the process. That tank made the franchise descend to new depths and Bills fans want to avoid that at all costs. Some may say that going and getting a top pick is better than going or and getting a mid-level pick. But as we saw last year, a team can still rack up wins and make some moves to get some top picks. Picking up a win against the Titans helps avoid the talk of tanking and potentially holds off some trades that may take place to send talent out in favor of adding some draft picks.
