After Zed burns down the village by accident, Oh decides to go with Zed on his journey to discover all the world has to offer. Cain kills Abel with a boulder in an act of rage and informs Zed and Oh that they must escape with him or else he will be accused of killing Abel. Afterwards, Zed and Oh find that the girls they want to "lay with", Maya June Diane Raphael and Eema Juno Temple, from their former tribe have been captured and are being sold into slavery. While being taken to a village by the owner with all the other slaves from their tribe, Sodomites attack and take the slaves prisoner, though Zed and Oh escape and hide in the desert, watching the Sodomites. The next morning, Zed and Oh discover that the Sodomites have left with the slaves. They head off to save the slaves. Zed stops them, claiming that the Lord sent him to do so. Abraham takes them to his Hebrew village and tells them about the cities of Sodom and Gomorrah. Zed and Oh head off for Sodom after Abraham decides to circumcise them. As they arrive in Sodom, they are captured. Cain, now a Sodomite soldier, saves them from being sodomized, calling them "his brothers. While being given a tour of the city by Cain, Zed and Oh are offered by Cain to become guards. Shortly after they become guards and are patrolling the city they see the princess Inanna Olivia Wilde, who is fasting because she feels guilty that most of the city is starving. That night, at a party, Zed is invited by the princess to talk with her. Inside the palace, Zed sees Maya and Eema serving as slaves, while Oh is forced to follow the very effeminate high priest around the palace. Zed meets Princess Inanna and she asks him to enter the Holy of Holies and tell her what it is like, thinking that Zed is the "Chosen One. There, they get into a heated argument and are then imprisoned for going inside the temple. The two are sentenced to be stoned to death but Zed convinces the Sodomites to have mercy, so they are instead sentenced to hard labor until they die from work. The king then announces that he will be sacrificing his daughter and two virgins Maya and Eema as a gift to the gods. Zed interrupts the ceremony, claiming he is the "Chosen One. Oh and Eema lay with each other inside the palace, which not only consummates their relationship, but also means that Eema cannot be sacrificed. They then come out to help Zed fight the soldiers including Cain. The crowd kills all the leaders and proclaims Zed as the Leader being the "Chosen One". Zed turns this down, letting Inanna rule, and instead becomes an explorer with Maya and sodomites and the people of sodom and the tribe have found peace. Oh becomes the leader of the village where the whole adventure started. The two say their goodbyes and head their separate ways.

Are You My Mother? Just before going home, they had had an open house in her dorm. When some male friends came to visit, Helene wanted them to check out the huge closets. Their words can cut very deeply, because they are family. They are people who are supposed to know us best, and for that reason their thoughtless words can hurt the worst. Jesus experienced this kind of loneliness, but he showed us the way to find true family, to find people who truly care, to find a connection with people who understand. And if you have your Bibles, I invite you to turn with me to Mark 3 , Mark 3 , where Jesus talks about his true family. They want to seize him and forcibly bring him home. In the movie version, Gulliver is placed in a large mental hospital where the administrators are trying to decide whether Gulliver is sane and should be released or insane and should be confined for another year. One of the administrators condemns Gulliver: He must be kept locked up. To show men what they are and teach them what to be! You are either a liar, sir, or a lunatic! The journey never really happened except in your own head. And all we ask is that you acknowledge this. When you have done that, then you may leave. What do you say? It happened to me. You say you saw these things that no one else has ever seen, these fantastical places. What would YOU think about someone who made such claims today? We could only conclude that such a person was crazy!

The sickness came on suddenly, and spread quickly. The fear spread even faster. Within weeks, everything people counted on began to fail them. Where there had been order, there was now chaos. And as the power of science and technology receded, magic rose up in its place. Some of it is good, like the witchcraft worked by Lana Bingham, practicing in the loft apartment she shares with her lover, Max. Some of it is unimaginably evil, and it can lurk anywhere, around a corner, in fetid tunnels beneath the river—or in the ones you know and love the most. As word spreads that neither the immune nor the gifted are safe from the authorities who patrol the ravaged streets, and with nothing left to count on but each other, Lana and Max make their way out of a wrecked New York City. At the same time, other travelers are heading west too, into a new frontier. Chuck, a tech genius trying to hack his way through a world gone offline. Arlys, a journalist who has lost her audience but uses pen and paper to record the truth. Fred, her young colleague, possessed of burgeoning abilities and an optimism that seems out of place in this bleak landscape. And Rachel and Jonah, a resourceful doctor and a paramedic who fend off despair with their determination to keep a young mother and three infants in their care alive. In a world of survivors where every stranger encountered could be either a savage or a savior, none of them knows exactly where they are heading, or why. But a purpose awaits them that will shape their lives and the lives of all those who remain. The end has come. The beginning comes next.
