Godolphin was followed by The Pilgrims of the Rhine , a graceful fantasy, too German in sentiment to be quite successful in England, and then in The Last Days of Pompeii and Rienzi he reached the height of his popularity. He took great pains with these stories, and despite their lurid coloring and mannered over-emphasis, they undoubtedly indicate the high water mark of his talent. In he undertook the editorship of the New Monthly, which, however, he resigned in the following year. In , the year in which he published Night and Morning, he started the Monthly Chronicle, a semi-scientific magazine, for which he wrote "Zicci," an unfinished 1st draft afterwards expanded into Zanoni All, except The Sea Captain, were successful, and this solitary failure he revived in under the title of The Rightful Heir.
