Edit Stephen Dene, after suffering an epidural hematoma, lays comatose on life-support. Thorpe and the three remaining Shades—Rory, Boo, and Callum—must make the decision to either keep him or take him off the machinery. Callum, with his hatred towards ghosts, refuses this option, while the others are seriously considering the option. Rory retreats into the corners of her mind to get a hint to where he is, but when she is shaken to reality by Boo, she finds that the machines and lights are whirling to life, then shorting out. When Rory and Thorpe get down to his car, Thorpe does his best to get as much information out of Rory so he can understand what is happening: Thorpe takes Boo and Rory to his flat, and gets Rory to call her parents and tell them that she is safe. Meanwhile, Rory attempts to cut her hair into a bob, but ends up leaving the rest for Boo to finish. Thorpe has her write what she remembers so it can aid them with finding Charlotte. They get no contact back from Callum, so they search for clues about Jane and why they took Charlotte. In December , they had left Jane their belongings including the house. They declared their death through a suicide note that also stated that no one would be able to find their bodies. Inside, she finds a notebook detailing meetings with a ghost at Highgate cemetery. Rory goes to talk to him, but when she refuses to terminate a pitiful ghost, her "informant" traps her in a tomb and tries to burn her alive. Fortunately, Jerome and a strange girl named Freddie rescue her. Rory, Jerome, and Freddie go to a nearby cafe to talk, and while Jerome buys drinks Freddie tells Rory that she has the Sight and wants to join the Shades. Then Thorpe shows up, and Freddie offers him a deal: Thorpe agrees, and Freddie gives directions to a occult bookstore, where they talk to Clover, the owner, who has information about the past, but not the present. Freddie meets Callum and Boo. Then they get a lead and find Charlotte in a crawlspace under an old house. Freddie finds entries written by Stephen about the Shadow Cabinet. Rory, Charlotte, and Thorpe go to a new house, where Thorpe is ambushed and knocked out. It turns out Jane gave Charlotte the Sight, and Charlotte is involved with her. She shows Rory Stephen lying unconscious in a bed upstairs, and Jane convinces Rory to perform a rite to bring Stephen back. She succeeds, but Sid and Sadie follow them back. Sid and Sadie manage to escape. The Shades manage to put the Oswulf Stone back in a safer place before ghosts overrun London, and celebrate by taking a night off.
