The Stanforth Secrets and millions of other books are available for Amazon Kindle. Learn more Enter your mobile number or email address below and we'll send you a link to download the free Kindle App.

I enjoyed making the comparison to later more mature writing, but also the fun spirit in the earlier books like this one. They are all loosely connected and it is my opinion that this series is the prototype for her later Rogues series as these too all feature young, handsome dashing men who all went to school together and each book are their romantic adventures. The story opens with Justin Delamere being approached by a few higher ups in the British government. Justin has recently returned from the war and gotten out of the army to take his place as the new Viscount Stanforth after his cousin and then his uncle died leaving him to inherit. Justin is shocked to learn that the country estate is the seat of intrigue as an important document has gone missing that has both the French and British scrambling to recover it. Suspicion is on all who reside at the estate as that is as far as the document was traced. Justin is retained to spy on his own relations and discover the document. Chloe Delamere, one of the widowed Lady Stanforths, is in a dither. She wants to be away, but knows she needs to stay to get Justin transitioned. Justin was the close associate of her late husband Stephen and helped her and Stephen elope. The scandal that resulted from her elopement she hopes to live down for good by snagging a staid, perfectly correct husband. Only, the attraction she feels for Justin and the fact that all her friends and close relations warn her that she will never be content with the sort of man she says she wants leaves her frustrated and confused. She is fooling no one including Justin that she is indifferent to him. Then she is caught up in the mystery going on in the house and its residents. Murder, odd happenings, suspicion. And through it all her resistance to Justin grows weak. For the most part, I enjoyed this one. The cast of characters were colorful and much of the dialogue was witty. Everything about this book appealed save one niggler. She is constantly trying to manipulate or sulk her way to get what she wanted. So all in all, I enjoyed this dip into the past and the early writings of an author I adore. Those who enjoy classic historical romantic suspense should give this one and the series a try.

Chapter 2 : The Stanforth Secrets : Jo Beverley :

The Stanforth Secrets has ratings and 34 reviews. Sophia said: This early series, Lovers & Ladies was a blend of historical romance and suspense whi.
