Use features like bookmarks, note taking and highlighting while reading The Submissive Bride: A Novel of Victorian Age-Play and Discipline.

This takes place in a future world where most of the women have been killed by a plague. Now women are property of men. So far, so good. But it went astray for me as a post apocalyptic type story in several ways. But, it is exactly what it says on the box. It is completely and totally messed up. Not for the faint of heart and not a fluffy romance. The "hero" is a sadist, but the heroine is a masochist. In the end, she accepts her situation. SassySami "Prima set dinner in front of Joseph and he patted her weltd, bruised ass as she turned to fetch her own plate. Her eyes returned to the butcher knife she had used to prepare dinner; recalling how he had tied her to the table, then beaten and raped her already abused bottom, she picked up the knife, turned around, and started stabbing him until he was a bloody mess on the floor. Then, knowing she would eventually be discovered, she turned the kn A difficult book to read, not for the faint of heart! I read this book after much procrastination, years and years actually. There is a good reason for that, this is probably a book everyone will read because someone said it has a strong theme of beating and abuse and it has shock-value times a million. I read it for that reason too and now, I know. Lilia Ford This sped past my comfort level and then just kept on going. The punishments are extremely sadistic and relentless, and yet you buy the connection between the two leads. I found the book totally disturbing and at times sickening, and yet addictive in a really psychotic way. Lucymucy I enjoyed the storyline of this writing and thought that the background and characters sounded interesting. The post nuclear, post plague aspect sounded like a clever twist. However, the farther I got into the reading, the less I wanted to continue. The dystopian fantasy lends the perfect lens through which to explore this new society. I loved the characters - real, intriguing, and Prima with her love of what is done for her and her shame in feeling that way. Holly Bleepin hated it. The set up was fascinating, although it was also rather cliched. The world is the one we live in now, but takes place after a plague that decimated the population, women in particular. I thought the references to com This book is absolutely comprised of horrendous abuse. It was so awful to read I was physically sick at times. I do not recommend. This was a VERY harsh story. There is little emotional connection between characters. It is unlike CF other novels of this nature which have t Hardcore scenes and as you can see from other reviews can be offensive for some readers. Very emotional story about a woman who is a masochist and how she comes to this realization and comes to terms with it. Jean Smith Audio Book review: What drew me to this story in the first place was the dystopian setting and the BDSM romance aspects indicated in the blurb as well as the narrator. I enjoyed the narration. The narrator has great voice inflection that kept me coming back to finish this story even when I may not have if I had been reading it myself. I have taken some time to think Nicole B This is a great book written by Carolyn Faulkner. Once again her style of domestic discipline was sexy and delicious. Adding the narration by La Petite Mort tipped this audio into a must listen. The story was written from a prospective in a different time and culture. The character development through the emotions that are exhibited, made it easy to understand and bond with both. It takes a certain type of woman to be completely subservient and b I like the writing, Carolyn Faulkner writes well. For me, the problem is Joseph. He has a few times when I almost like him, but not enough to get over the rest of the times. Booklover This review is for the revised new edition. Prima is an intense book about a dystopian society where women have become objectified and used only for sex and childbearing. The female protagonist and namesake of the book is Prima, who was sold by her elderly and doting father to a wealthy man name Joseph. Prima is considered old at 29 yrs. I will admit that I am rating this story based on its creativity and the overall execution, which was deviously brilliant, but not on how the story made me feel. Sometimes, an author will take a reader out of their comfort zone, shock them, and leave them shaking their head in disgust and fear. Personally, as I read this, I kept thinking, I think I would just kill myself before Bex Beckie Bookworm Mmmm InterestingWhere do I start, This was the first book by Carolyn Faulkner I have tried and I mainly chose it for its posts apocalyptic theme and also a bit of curiosity after Reading the sample. I

have read many stories over the years involving the shall we say the non- vanilla lifestyle, ranging in spectrum from the mild to the the down right extreme and if your looking for light fluffy BDSM then this is not for you. This story was a show of Spuffed I could be totally off base here but I think this book is more like book porn than plot driven. When I say, "book porn", I mean a collection of sex scenes meant to get one off who has certain predilections. For instance, I enjoy some non-con and I enjoy books by PowerOne. This book is for spanking lovers and adult pacifier fetishists. Joanie M Prima is a book that is hard to admit you like. The story is disturbing at the very least, with punishments so harsh, I wondered if human flesh could actually take that much abuse and still fully recover. The book is masterfully written. Helen Jessica Mays It was a good distopia, I really liked it. World building was fine, not rich but on the spot. I liked the hero. He knew what he wanted, he was controlled in his harshness. He was also understanding towards her. He was a good dom for a masochist. The stuff about underage girls scared me at first, but thankfully author smartly stayed away from that subject. But truthfully, in a believab Firefly Harsh, but very very good. Prima was a virgin and although she was shielded by her father from the realities of the current regime, she was still aware in theory of the dismal and painful existence for women in her time. Despite her severe punishments from Joseph, she was aware of how fortunate she was to be with a man who was on the one hand very caring, but on the other was a sadist who would hurt her because it pleased him. Prima came to dre Marybeth This is a re-release of a favorite. There has been a great Plague and women are at a premium. Women have no rights and are slaves and treated as children. Prima Katherine has been sold to Joseph by her father. Even though Joseph cares for her, he has definite views of how to care for a woman. He also is a sadist. There are severe spank See her face as she is in pain. He gives her 20 strokes of the cane,a paddling,belt and 20 more of the cane all because it is Friday her day to get beat, gives her an anemia so severe she is so dehydrated it makes her very ill. This is just too much for me. Ybles Plot and setting have lots of potential. Already in this day and age, there are parts of the world where men significantly outnumber women. Well, I was sorely mistaken. Gets 2 stars be Roylene Made me sickWhile I enjoy a good book on domestic discipline, where the female get a nice toasted behind for her own good and safety by the man who loves her to distraction.. Who likes to inflict pain on those weaker than him just because he can!!! Very disappointed in Carolyn Faulkner for this trash!
