Dec 15, Elizabeth Ray rated it it was amazing I remember loving these books and I felt like I learned a lot from them. I think a good deal of research went into writing them. This book is different from the others. The others all were sort of good vs. This one is more of a rollicking adventure. Lila ends up locked inside the watertight weapons pod at the bottom of the sea. But no one cares about Lila, so the Coopers had better find the pod first if they want to save her life. Government who would rather destroy the pod than see it fall into enemy hands. So, no hidden tombs or spooky corpses, just machine gun battles, speedboat chases, deep sea divers clashing, etc. Anyway, this is all very tidily resolved, but the effort is appreciated. A romantic subplot between Jake and tough-as-nails reporter Megan Flaherty is less appreciated and leads to a cringe inducingly saccharine ending. It was a great adventure that kept me coming back for more! But at points this book pisses me off on so many levels! Okay, Frank missed SO many opportunities! At the point where Jay and Dr. Also, this might be just me but Frank could have had Dr. Cooper have a proper goodbye with Meaghan Flaherty! At least a hug would have been nice! Cooper and Meaghan have a lot in common, and I wanted to see them get to the point where maybe, just maybe start a relationship! But all in all, it was a great book. The whole series needs more love, people. I enjoyed the story and recommend it to tweens and teens. There were some funny scenes and I particularly liked Mrs. The story line was a little predictable though. Along the journey there were many colourful characters and it turned out to be an ok read. I listened to the audiobook version of it, narrated by Frank Peretti himself and I have to say, he can, and usually does a better performance than this one. Maybe this was his first audiobook narration.

Biography[edit] Frank E. Peretti was born in southern Canada, but raised in Seattle , Washington for most of his life. Peretti was a natural storyteller who, as a child in Seattle, regularly told stories to neighborhood children. After graduating from high school, he began playing banjo with a local bluegrass group. In , he gave up his pastoring position and began taking construction jobs to make ends meet. A year later, he published *This Present Darkness* , his most famous and popular novel to date. Although *This Present Darkness* was not an immediate success, sales improved with word of mouth. Peretti followed *This Present Darkness* with a sequel *Piercing the Darkness* , another tremendous success. Throughout the s, Peretti continued to write full-time, releasing *Prophet* , *The Oath* , and *The Visitation* . *The Visitation* landed at 19 on the New York Times Bestseller list and was adapted into a film in . He wrote a memoir, *The Wounded Spirit* , which covered his struggles as a child with a facial tumor known as cystic hygroma , which caused him to be mocked by other children and retreat to solitude, until it was eventually treated with multiple surgeries. The book was an instant hit among both teens and adults, and was made into a low-budget film of the same name. The second book in the series, *Nightmare Academy* , was published in with equal success. The two books together sold more than , copies, according to Thomas Nelson Publishers. Peretti has mentioned that there may be more possible entries in the Veritas Project series. *Monster* hit the New York Times Bestseller list at 34 on its first week and rose to 29 on its second week. It received mixed reviews from Peretti and Dekker fans, but was popular enough to be adapted as the film *House* , starring Michael Madsen. The novel, *Illusion*, was published in March . *The Visitation* was also made into a film by Twentieth Century Fox in . *House* was released in select theaters on November 7, . He has also made a number of videos and associated audio tapes and books in which he takes on the persona of Mr. Henry, a slightly eccentric inventor and Bible teacher. He has received generally positive praise from many Christian book reviews, his books being heralded as telling entertaining stories with complex interwoven plots. His concept of Territorial Spirits reigning over cities is paralleled in non-fiction works in theology and missions by Pentecostal writers such as C. Michael Maudlin reports that some readers have been so enthused they have declared that *This Present Darkness* is the best book ever written after the Bible. For example, Kim Riddlebarger expresses alarm that many readers have "redefined their entire worldview based upon a novel" and insists that the Bible does not call upon Christians to "engage in spiritual warfare as a combat between angels and demons" "*This Present Paranoia*", pp and . He is also disturbed "to see the way Frank Peretti has become a popular and oft-quoted authority on the New Age" because "his actual qualifications in religious matters are minimal" "*The Evangelical Response to the New Age*", p.
