## Chapter 2 : How to create a Service Contract ? (ABAP related development)

*Dear All, How to create a Service Contract? (ABAP related development) The Info I have is that Service contract will contain: u Validity Startu Validity Endu Duration u minimum period for contracts Additional Info*

The annual football camp originated in metro Detroit and has now expanded nationwide. This is not your ordinary football camp, which is why they are ranked the 1 camp in America. SMSB develops these young boys into men, inside and out. Sound Mind Sound Body SMSB is a sports academy that uses football to teach high school students how to apply equal amounts of energy and focus to academics, athletics and life skills development to earn college scholarships. The SMSB program was created because no football camp focused on player development. Why did you feel this was an important vehicle for high school athletes in metro Detroit? Detroit was and still is one of the most financially distressed cities in America and over 20 high schools have closed in the last 15 years. The athletic programs in Detroit have little to no resources. SMSB was a solution for the community to keep hope alive in Detroit. Every year SMSB brings hundreds of college coaches to Detroit and these coaches inspire youth to work hard both on and off the field and most importantly offer scholarships. The NCAA recently reinstated the use of satellite football camps. How did that affect SMSB? If the ruling was not made there would have been less college coaches at each SMSB academy. What are some of benefits of the academy for young black males and their future in athletics and beyond? The greatest benefit of SMSB is students receive life skills development which is not being provided at any camp and most high schools for the most part. SMSB provides life skills sessions on the following areas: The presenters that deliver the messages are what make the biggest impact on SMSB attendees from motivational speakers to college head coaches, professional and collegiate football players, the delivery of the SMSB content is what makes it so special. Why was it so important for you to expand into other cities? The message of SMSB was so powerful that various community advocates from around the country started bringing students to Detroit to participate in the program. After seeing how much growth occurred in Detroit we decided that expanding to additional markets only made sense so that students around the country could participate. What is your formula for success with SMSB in becoming the number one football academy across the country? Our ability to tie it all together. SMSB is more than just football. What other key elements do you offer with SMSB that high school football students cannot get at other football camps? Do you see a change in the behavior of the young students you reach? And how do you stay in contact with the students and parents after the camp is complete? Yes, sometimes students make immediate changes. After attending our SMSB social media session they change their Twitter handles before they leave the room. Our mobile app, Winter camps, Monthly Conference Call and monthly newsletter allow us to stay connected after the camp ends. The future of SMSB is our mobile app and our national showcase set to launch in We also are expanding our middle school program. Share your best success story that came out of the football academy. When Desmond attended the camp he had no offers. He also had limited resources coming from a single parent home. He was only able to camp at SMSB. Arjen was from Canada, no exposure playing internationally in a small town. Last year he graduated and started the entire season leading Michigan State to the Big 10 Championship.
