

Chapter 1 : Class of celebrates percent match success rate at Match Day Â« News

Wayne State University School of Medicine student Arif Musa surveyed 69 spine surgeons from the organization AO Spine North America, sending them an anonymous survey online to capture their views. "I learned that percent did not assess pre-operative anxiety formally.

Class of celebrates More photos are available here. In addition, 43, individuals registered as Match applicants this year. I love the patients. I love the city. Students were informed via email March 13 whether they matched with one of their preferred residencies following interviews that began in late The physicians-in-training will receive their medical degrees in June, and start residencies in July throughout the United States. It will mark the first day of the rest of your life as the physician you will be. It will be our privilege to call you colleagues. Minutes before the countdown to noon, envelopes were placed in the hands of the senior student match participants in the Class of , waiting somewhat patiently as part of the 19, allopathic M. You are more than just competent. The increase is great news for a state with a projected physician shortage, as studies show that residents who train in Michigan often remain here for the majority of their careers. Forty-nine students matched with their soon-to-be alma mater, with eight earning residencies in the programs solely-sponsored by the WSU School of Medicine, and 45 spots in programs co-sponsored by the School of Medicine and the Detroit Medical Center. WSU students are also headed to Michigan-based programs at St. They are moving to Milwaukee, but both hope to return to Detroit in the future. She will enter a Pediatrics residency and he will enter a General Surgery residency, at the Medical College of Wisconsin. Internal Medicine residencies were the most popular clinical discipline at WSU this year, with 49 students entering the specialty. Another 36 students will enter an Emergency Medicine program, 28 will enter Family Medicine and 20 will enter Pediatrics. Nineteen students will participate in a transitional year before beginning their specialty training. Before the matches were revealed, several awards honoring students and faculty were announced. The awards list included: Medical Alumni Senior Scholarship Award: Esther Chae Voluntary Faculty Awards:

Chapter 2 : Student Affairs - Wayne State University

Friday's Match Day celebration for the Wayne State University School of Medicine Class of , held in the MGM Grand Detroit ballroom, marked the arduous work of at least the last four years, resulting in a percent residency match rate for the Class of

Medicine Match Day Envelopes hold future for MSU College of Human Medicine Students The tension in the banquet room was palpable as fourth-year MSU College of Human Medicine students waited until high noon on Match Day, the precise moment when they could tear open envelopes and learn where they would spend the next three to five years. Yet Jana and Lara Baatenburg were remarkably relaxed. Unlike nearly everyone else in the room, the identical twins already knew where they will go for their residencies, the last years of their medical education. Usually, tradition and the rules dictate that the residency placement for each fourth-year student shall remain secret until noon on Match Day, which was March 18 this year. Last fall, they had applied to the programs. Many had traveled across the country for interviews. The students then had submitted their lists of residency programs in preferred order. The residency programs, meanwhile, had submitted their own lists of students they would welcome. A computer algorithm operated by the nonprofit National Resident Matching Program had compared the lists and assigned each student to a residency. Both are half marathon runners, and both help coach the track and field team at Unity Christian High School, their alma mater in nearby Hudsonville. Cheers erupted followed by hugs, high fives and some tears of joy. Students circulated around the room, congratulating and asking classmates where they would be heading. Some indicated their destinations by pinning their photos to a United States map. Kurt Ashack and Laura Haley hugged. Match Day could have sent them to opposite corners of the country, which would have been most inconvenient, since they plan to be married in May, a week after graduation. Eighty-one fourth-year students or Seventy-eight Spartan MDs, or Of graduates who will remain in the state of Michigan for training in , The top seven specialty placements in rank order by percentage are listed below. Pediatrics 30 graduates,

Chapter 3 : Fellowship Match List | School of Medicine | West Virginia University

Wayne has a pretty solid match list too. Also - do not overlook the benefits of doing your clinicals at the DMC. It will give you a very large variety of patients and I doubt UMAA hospitals will have the same kind of diversity.
