West Virginia Agricultural Census, Volume 1. Barbour Through Logan Counties - Linda L. Green. West Virginia: West Virginia Agricultural Census, Volume 1.

Images reproduced by FamilySearch. In addition, the names of those listed on the population schedule are linked to the actual images of the Federal Census, copied from the National Archives and Records Administration microfilm, M, rolls. If you do not initially find the name on the page that you are linked to, try a few pages forward or backward, as sometimes different pages had the same page number. For the first time in the history of the United States census, enumerators of the census were instructed to record the names of every person in the household. Added to this, enumerators were presented with printed instructions, which account for the greater degree of accuracy compared with earlier censuses. Enumerators were asked to include the following categories in the census: No relationships were shown between members of a household. The categories allowed Congress to determine persons residing in the United States for collection of taxes and the appropriation of seats in the House of Representatives. Few, if any, records reveal as many details about individuals and families as do the U. The population schedules are successive "snapshots" of Americans that depict where and how they were living at particular periods in the past. Because of this, the census is often the best starting point for genealogical research after home sources have been exhausted. The Census includes the following states and territories: The United States was the first country to call for a regularly held census. The Constitution required that a census of all "Persons The first nine censuses from to were organized under the United States Federal Court system. Each district was assigned a U. Governors were responsible for enumeration in territories. The official enumeration day of the census was 1 June All questions asked were supposed to refer to that date. By , there were a total of thirty-one states in the Union, with Florida, Texas, Iowa, Wisconsin, and California being the latest editions. There were no substantial state- or district-wide losses. A Guidebook of American Genealogy, ed. William Dollarhide, The Census Book: Learn where your ancestors lived, who lived in the household, ages, places of birth, occupation, and more.
