

Chapter 1 : What Shall We Name the Baby? by Winthrop Ames

The name you select for your baby will be more than just a name. It will be your child's representation to the world, a part of him or her throughout life.

And its going alright, except the astronaut in the story swears like a sailor as one does when one is stuck on Mars. Except then he reads over my shoulder and points out every time I change the word "shit" to "crap" or "fuck" to "frig" or what have you. Way to make a big deal out of not making a big deal out of it, kid. Maybe you should go back to reading Little House books with your mother. Spike Link to this comment 9: Roberto Tigre Link to this comment 9: Barry Freed Link to this comment 9: Digging once again into the history of my eccentric family, I can suggest not only "Archibald" but also "Scipio". Then you could call him Skippy for short. Roberto Tigre Link to this comment Archie is apparently super popular again. Number 17 last year. Ginger Yellow Link to this comment Clytaemnestra Stabby Link to this comment ISTR that Berkeley Breathed who once based a strip around the proposition that his own name was more embarrassing than "Yaz Pistachio" used to sign his earlier work Berk Breathed. I was actually quite relieved to find that it was an abbreviation. She was born about a year before the iPhone Siri was, so I just feel kind of bad for her and her parents -- the dates are close enough that a casual observer could well think "little kid named Siri, what dopey parents! Osgood Yousbad Link to this comment I like to imagine that people run for re-election to public office there by posting ads about how they are "working for berks. Moby Hick Link to this comment I misread "Cheska" as "Cheka", which had me wondering for a moment. Especially as a middle name after "Nathan" or "Nicholas" or something. A bit old-fashioned, maybe. MHPH Link to this comment For a long time, but I think not any more, he would pronounce "thanks" with an initial S, which was adorable. Those went into the save pile. JRoth Link to this comment When I was in 8th grade, I got a new hamster and I named her Simba, knowing it was Swahili for "lion" and I thought this was a cute ironic name for a tiny ball of rodent fluff. Then The Lion King came out and I was just mortified that people would think I had named her after the character in the movie. AWB Link to this comment Did the hamster sort of look like a lion? My gf and I decided that our hamster, Dmitri looked like a lion -- maybe the the fur around his face looked like a mane? She was a nice fluffy teddy bear with a little neck ruff. Later, I had a "black bear" hamster who looked exactly like a tiny black bear, so her name was Ursula. Once the last bird is gone, what do you do? What do you do? Barry Freed Link to this comment John," in honor of Evil? Parallel Universe Flippanter, who got that much superior name. Flippanter Link to this comment AcademicLurker Link to this comment But it was a doozy. Not by way of trying to unload it on them and rehash it but just having no way to relate my own narrative, even to myself, without it looming over everything. It feels wonderfully joyously liberating no matter what happens with this person. You should ignore his calls or emails four times. On the fifth time, pick up the phone, but only make screeching eagle sounds. If he calls back, screech louder. If he insists on emailing or texting him, respond, but only with a. No way, this is America. But still, the admissions of obsessive unpleasant-sounding feelings from the visible first line are sitting unread in my inbox. Tom Scudder Link to this comment I know how you feel. I still have leftover issues from my divorce, but pretty much nobody is on the dating scene at my age without some damage, so at least I have company. Incidentally, anyone over 30 and on the dating scene might try Tinder. I think the model of most dating sites encourages list making and over emphasizing deal breakers. Tinder gets you to the chatting phase quickly, where you can better gauge interest. I hear that Ashley Madison is the hot ticket these days. Although using it is a bit complicated, since you have to get married first. Also, from , Leviathan. Thorn Link to this comment They had one in Dubai but it closed down. Could that even work? But it has me wondering. Opinionated Wright Brothers Link to this comment LizardBreath Link to this comment Second was a bit more like what normal people do. Basically it was me flinching as I removed the hood. The falconry teacher was great though, a natural. Just trying things out. I would not recommend it for Arrakis, though. It has kind of a bad rap. Also you need the facebook thingy. Most definitely they are tracking the bejeebus out of you and using it for some nefarious purpose. Please workshop any Tindr profiles here. I take from it the impression that it is tough to write a book with one eye on

a classic about the same thing. Is that me posing shirtless with a huge ass scimitar? Why yes it is, how do you like me now? They were going through a complicated break up. NYRB Books reissued it in paper not long ago, though. First we take Dubai, then we take Berlin. She did not rent the bird, according to the above mentioned wikipedia page. Well, I googled it and read a review and found out! Oddly enough, it turns out not to be "A is for Armadillo". But there are definitely also normal middle-aged people on there using it to meet. Setting up a novel fb profile just requires an email, no need to link to actual identity in a way visible to server owners. I think tinder requires a cellphone number, so if no travel phone is available, privacy from server admins for the cost of a burner. I actually needed a straight answer. I had no idea about anything on than "The Once and Future King. Moby Hick Link to this comment 1: Yesterday I ate nothing but cookies until dinner. AcademicLurker Link to this comment 1:
