Though intent on giving Eeyore a pot of honey for his birthday, Pooh could not resist eating it on his way to deliver the present, and so instead gives Eeyore "a useful pot to put things in". Pooh is very social. After Christopher Robin, his closest friend is Piglet, and he most often chooses to spend his time with one or both of them. But he also habitually visits the other animals, often looking for a snack or an audience for his poetry as much as for companionship. His kind-heartedness means he goes out of his way to be friendly to Eeyore, visiting him and bringing him a birthday present and building him a house, despite receiving mostly disdain from Eeyore in return.
