

**Chapter 1 : Editions of You Can Win: A Step by Step Tool for Top Achievers by Shiv Khera**

*About You can Win (Marathi) An easy-to-read, practical, common-sense guide that will take you from ancient wisdom to modern-day thinking, You Can Win helps you establish new goals, develop a new sense of purpose, and generate new ideas about yourself and your future.*

Manhardeep Ahluwalia You can win is a book reading which not even a single human on earth can get bore. Must be read by every person. Such a powerful book, you can read, whenever and where ever Swaroop Raj Its a very amazing read. Its tells to have a positive approach to life. The best think is it has real life examples , which you can relate and create a benchmark. Ganesh good book, collection of a lot inspiring stories and example, good selection of words, simply says: I really loves the stories In one sense, this book is a construction manual. It describes the tools you will need for success, and offers blueprints to help you build a successful and rewarding life. In a second, sense, it is a cookbook. It lists the ingredients the principles yo Mudaliar Anjali Its really an awesome book. The quotes and stories given in this book are much related to our practical life. This book guides us to develop a positive attitude, motivates us and also gives guidance to set and achieve our goal.. By reading this book we can take the correct decision of doing the right thing for right reason.. Life can be changed by reading this book and also teaches us to become a good human.. Disha Nice mix of inspirational quotes and stories. I read it when I was in high school and motivated me through a tough challenge. It did the right magic at the right time for me. Jeevagan Well written book on Personality Development. Simplicity and relevance are the two main factors that make this book to stand out among other Personality Development books. The author had uncanny talent to mix the content with lot of stories and quotes so that the message does not go over the head. Disha You can win has surely been a book that has had an incredible sales record. It is one among the most popular among the Indian self help book category. What the book contains is a couple of motivational quotes and stories which have been gathered here. The book has nothing new to offer its readers other than a couple of stale stories. But if you are new to reading and are looking for a simple self help book that could be easily understood, you can Himanshu Kakade looks like a Textbook for preparation for Victory. Although there are many thoughts in this book that we can use as a tool for our quest for victory. But too idealistic I would say, not that applicable in life. But you can read it one time. J-rose I came to love this book after reading the first chapter. Shiv Khera inspires me to do the things i can, w And its not about business, or deals or work. And made up of small quotes. Quotes and examples that touch you everyday, day to day. Things you feel and can relate to on a daily basis. Helped me in the worst of my days. Life is good and you can indeed win! Pradeep Badatiya This books tells about how to be good to others to succeed in the life. It has more wonderful true examples which depicts a good tale about the individuals who are known to be remembered because of their good deeds in their real life. Tanvi This one was referred to me by my dad long time ago I still have the hard copy with his markings on it. Aishwarya The book is written in such a simple language that it is so easy to understand and capture what exactly the author wants to convey This book helps you prepare an action plan for rest of your life, YES, rest of your life. It asks you to make an action plan by identifying what you want, all options available to achieve that and finally preparing a realisti Vivek Kulkarni i still remember it was summer of 8th when i went to buy a GK book there i saw this book and i was like are you nuts? Neha Once you start reading the book, you will feel a complete transformation in your personality, by the time you end it. You will have become far more positive in your thinking, than you ever used to be. Ritesh One of the very few books which can be read the various stages of life. I read this first when i was perusing my post graduation. Read agin after 8 years. Every time you read this has something to learn and follow. Shrikrishna Potdar Book is excellent to build confidence in you. This is a nice inspirational book I always like. I read Marathi version of this book also. Very nice book with action points for every day. Nice and easy to implement ideas. Yashwanth You you want an inspiration keep yourself motivated throughout the day, then this book is highly recommended. I used to read it every morning for the same reason. Danai Great book, easy to understand Have some really aspiring and nice stories that help you clearing the situation
